Kent

George Barnett indicated that he met with you about the water line conflict at Ralph M. Hall and 205. He indicated to me that you wanted a price to cut and plug the 8" water line at this intersection. I checked our bid sheet for this project and there is a bid item for cut and plug on 8" water mains so if this is to be done the price will be as quoted in the bid item 5330-2008 of the TXDOT bid for the Hwy 205 project. If this acceptable to the City please e-mail me an authorization to foreword to TXDOT so we can do the work today while we are still at the site. Thank you for your prompt attention to this request.
