The purpose of this sublease agreement is to permit the development of property along the take area of Lake Ray Hubbard under certain regulatory conditions governing permitted uses and development standards, setting forth procedures for the development of said property and establishing an appeals process for the terms of Lake Ray Hubbard Overlay District Ordinance. The zoning overlay district has its basis in and is intended to serve as one implementation tool for the Lake Ray Hubbard Master Plan, adopted by the City of Dallas on N/A; the Lake Ray Hubbard Interlocal Agreement as approved by those municipalities comprising the Lake Cities Coalition (Garland, Rockwall, and Rowlett, Texas) and the City of Dallas, Texas; and the Comprehensive Plan for the City of Rockwall, adopted on December 17, 2001. The adoption of the Zoning district is intended to provide a means for the protection of water quality, water supply, and the preservation of the natural environment and to enhance the quality of the Lake Ray Hubbard shoreline through regulation of manmade facilities. For those properties that take part in the City of Rockwall Residential Sublease Agreement the overlay zoning ordinance is to be used in conjunction and in addition to the erosion control and engineering standards as well as other development related ordinances, such as but not limited to, landscaping ordinance, tree preservation ordinance and outdoor lighting.

- C. **Sublessee acknowledges that the decision to lease the Subleased Area is based solely upon the Sublessee's comprehensive inspection of the Subleased Area and not upon any warranty or representation of Sublessor, or of Sublessor's**

employees, agents or representatives with regard thereto. Without limiting the foregoing, **THERE IS NO WARRANTY, EXPRESSED OR IMPLIED, OF SUITABILITY, MERCHANT ABILITY, HABITABILITY, OR FITNESS FOR ANY PARTICULAR PURPOSE GIVEN IN CONNECTION WITH THIS LEASE.**

ARTICLE 7. EROSION PROTECTION

- A. *For all subleases, the City of Rockwall will require sublessee of Residential Zoned Areas to either completely install, or pay for the installation of, Shoreline erosion protection in accordance with Section VI of the Base Lease or Master Lease in Critical Areas, whenever such Critical Areas may arise (as defined in Section VI (A) Base Lease), before execution of the sublease. Erosion protection required under the sublease must be completed no later than twelve (12) months from the date of execution of the sublease, but prior to, or concurrent with, a sublessee's commencement of construction of any improvements. If a Critical Area arises after execution of the sublease, the City of Dallas or the City of Rockwall are not responsible for any erosion control measures required and the sublessee shall not look to the City of Dallas or the City of Rockwall for action. If any part of the subleased area becomes a Critical Area after execution of the sublease, the sublessee of a residential area may, at sublessee's option, install erosion protection in accordance with this sublease agreement and Base Lease. Erosion protection required under the sublease must be completed prior to a sublessee's commencement of construction of any improvements of any kind on the leased area, subject to the City of Rockwall's permitting process.*
- B. In areas determined to be Critical Areas or New Immediate Action Areas, as defined above (collectively referred to as "Critical Areas"), the Sublessee will be responsible for installation and maintenance of erosion control. Such required erosion protection must be completed no later than twelve (12) months from the date of execution of this Sublease, but prior to, or concurrent with, the Sublessee's commencement of construction of any improvement. If the City of Dallas has installed or performed maintenance or erosion control in any Critical Area, the Sublessee will reimburse the City of Dallas for the cost of installation and maintenance from the date of execution of the Base Lease to the later of, the date of execution of the Sublessee's sublease with the City of Rockwall, or the date of installation of the erosion control. If Dallas installed or performed maintenance or erosion control in any area that is not a Critical Area, the Sublessee will reimburse Dallas for the cost of installation and maintenance from the date of execution of the Base Lease to the date of execution of the Sublessee's sublease with the City of Rockwall (*i.e.* there will be no retroactive reimbursement obligations of the Sublessee in a non-Critical Area; the full extent of the erosion reimbursement obligations of the Sublessee in a non-Critical Area will be known at the time of execution of the sublease). Reimbursements can be paid in a lump sum or over a term to be determined by Dallas. Term payments will include interest charges and the term will not exceed the life of the asset. - D. The City of Dallas and the City of Rockwall will establish a listing of types of erosion control approved for use around the Lake, based on the Bernard Johnson Report or engineering data or criteria list. The list may be expanded jointly by Dallas and the City of Rockwall should new and approved technology become available for such erosion control. If the City of Dallas or the City of Rockwall installs erosion control, it can install any type listed in the Bernard Johnson Report, or on the updated/approved listing, as it deems economically and/or environmentally feasible.
- E. The Sublessee may reclaim lost Shoreline with the approval of the City of Rockwall and prior written approval of the City of Dallas, as determined on a case-by-case basis. Any reclamation or cut and fill in the Lake or at the Shoreline shall not reduce the usable water storage capacity or flood storage capacity of the Lake, as determined by the City of Dallas. Sublessee, or the parties performing the reclamation, will be responsible for obtaining all related permits for the reclamation, such as the U.S. Army Corps of Engineer permits.
- F. No activities will be allowed which will increase the erosion of the Shoreline property, including any alteration of vegetation or property, as determined by the City of Dallas as described by the Bernard Johnson report.
- G. Erosion control installations must comply with all local, state, and federal laws, regulations and requirements and shall be designed by a licensed professional engineer and installed by a competent contractor with demonstrated experience in the installation of that system.
- H. Sublessee agrees to allow abutting Sublessee(s) to connect to the erosion protection mechanism so installed, so as not to create gaps between abutting properties in said erosion protection.

ARTICLE 8. HOLD HARMLESS

Sublessee hereby agrees to defend, indemnify and hold the City of Dallas and Sublessor, their respective officers, agents and employees, fully harmless from any claims, lawsuits or expenses for personal injury (including death), property damage or other harm for which damages may be recovered under law, suffered by any person or persons (including but not limited to Sublessee), that may arise out of or be occasioned by Sublessee's fault or negligence in the use, occupancy, maintenance or operation of the Subleased Premises for any purpose, or that arises out of or is occasioned by erosion control improvements installed, used or maintained by Sublessee, or by Sublessee's failure to install erosion control devices as required under the Sublease, **REGARDLESS OF WHETHER OR NOT THE NEGLIGENCE OR FAULT OF THE CITY OF DALLAS OR THE CITY OF ROCKWALL IN OPERATING OR MAINTAINING**

THE LAKE AREA, OR ORIGINALLY INSTALLING OR MAINTAINING ANY EXISTING EROSION CONTROL IMPROVEMENTS ASSUMED BY SUBLESSEE, OR IN DETERMINING WHAT EROSION CONTROL IMPROVEMENTS WERE APPROPRIATE, CONTRIBUTED TO THE DAMAGE OR INJURY.

ARTICLE 9. COVENANT RUNNING WITH THE LAND

- A. This Sublessee cannot be further subleased by Sublessee, except that this Sublease shall be transferred to any subsequent owner of the residential property, as described herein. Sublessee agrees to notify in writing, Sublessor of any change in ownership of the property within ten (10) days of closing. This covenant shall be considered as a covenant running with the land and shall be filed for record in the deed records of Rockwall County, Texas.
- B. It is the understanding of the parties that this Sublease contains the entire understanding of the Sublessor and Sublessee and that any change, alteration, or modification of this Sublease shall only be effective if in writing approved by both parties.
- C. Sublessee further asserts that he/she has received a summary of the Base Lease and the Takeline Area Overlay District Zoning Ordinance which is incorporated herein by reference and that he/she has read said Base Lease and understands its terms and provisions.
- D. Sublessee agrees to provide Sublessor with a certificate that extends coverage under Sublessee's Homeowners Insurance Policy to the leased premises.

ARTICLE 10. SEVERABILITY

In case any one or more of the provisions contained in this Sublease shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Sublease shall be considered as if such invalid, illegal, unenforceable provision had never been contained in this Sublease.
