To Dallas Water Utilities,

Re: Fall Residence, 3608 Lakeside Dr., Rockwall Texas, Lake Water Use

We received a copy of a notice for an application from the City of Dallas to Mr. Falls for the use of raw water from Lake Ray Hubbard. If the City of Dallas approves Mr. Fall's application to take raw water from Lake Ray Hubbard, the City of Rockwall does not object and will process the irrigation permit. The City of Rockwall must receive a copy of the contract showing the City of Dallas has approved Mr. Fall's application prior to any equipment being installed on the take-line property to utilize raw water from Lake Ray Hubbard.

Sincerely,

John Ankrum
