

APPLICATION AND
FINAL PLAT CHECKLIST

DATE: 8-26-85

Name of Proposed Subdivision Replat of The Estates of Coast Royale No. 1

Name of Subdivider Cecil Unruh

Address 3811 Turtle Creek, Suite 1220 Phone 651-4001
Dallas, Texas 75219

Owner of Record Cecil Unruh

Address 3811 Turtle Creek, Suite 1220 Phone 651-4001
Dallas, Texas 75219

Name of Land Planner/Surveyor/Engineer Harold L. Evans, Consulting Engineer

Address P. O. Box 28355, Dallas, Texas 75228 Phone 328-8133

Total Acreage 10.289 Current Zoning

Number of Lots/Units 5 lots Signed [Signature]

The final Plat shall generally conform to the Preliminary Plat, as approved by the City Council and shall be drawn to legibly show all data into a satisfactory scale, usually not smaller than one inch equals 100 feet.

The following Final Plat Checklist is a summary of the requirements listed under Section VIII of the Rockwall Subdivision Ordinance. Section VIII should be reviewed and followed when preparing a Final Plat. The following checklist is intended only as a reminder and a guide for those requirements.

INFORMATION

<u>Provided or Shown on Plat</u>	<u>Not Applicable</u>	
<u>✓</u>	<u>_____</u>	1. Title or name of subdivision, written and graphic scale, north point, date of plat, and key map
<u>✓</u>	<u>_____</u>	2. Location of the subdivision by City, County and State
<u>_____</u>	<u>✓</u>	3. Location of subdivision tied to a USGS monument, Texas highway monument or other approved benchmark
<u>✓</u>	<u>_____</u>	4. Accurate boundary survey and property description with tract boundary lines indicated by heavy lines
<u>✓</u>	<u>_____</u>	5. Accurate plat dimensions with all engineering information necessary to reproduce plat on the ground

6. Approved name and right-of-way width of each street, both within and adjacent to the subdivision
7. Locations, dimensions and purposes of any easements or other rights-of-way
8. Identification of each lot or site and block by letter or number and building lines of residential lots
9. The record owners of contiguous parcels of unsubdivided land; names and lot patterns of contiguous subdivisions, approved Concept Plans, reference recorded subdivision plats or adjoining platted land by record name, and deed record volume and page
10. Boundary lines, dimensions and descriptions of open spaces to be dedicated for public use of the inhabitants of the subdivision
11. A certificate of dedication of all streets, alleys, parks and other public uses, signed by the owner or owners
12. The designation of the entity responsible for the operation and maintenance of any commonly held property, and a waiver releasing the City of such responsibility; a waiver releasing the City for damages in establishment or alteration of grades
13. An instrument of dedication or adoption signed by the owner or owners
14. Space for signatures attesting approval of the plat
15. The seal and signature of the surveyor and/or engineer responsible for surveying the subdivision and/or the preparation of the plat
16. Complies with all special requirements developed in preliminary plat review

AGENDA NOTES
PLANNING AND ZONING COMMISSION

August 29, 1985

II. Site Plans and Plats

- A. 85-66-FP - Consider Vacating the File Plat and Approving a Replat of the Estates of Coast Royale No. 1
- B. 85-67-FP - Consider Vacating the File Plat and Approving a Replat of the Estates of Coast Royale No. 2

Action Needed: Motion to vacate the existing file plats and approve the replats of the Estates of Coast Royale Nos. 1 and 2

Several months ago Cecil Unruh appeared before the Planning and Zoning Commission and City Council to plat property around his house in conjunction with the neighboring property owners to develop the subdivision with five lots facing on Ridge Road and the rest entrancing off of a connection of Lakeshore Drive north of Lake Ridge Park. The plats for both phases were approved as submitted and construction has begun on one house and the wall on Ridge Road.

Now several months later Texas Power and Light has determined that they need some additional easements for transformers and electrical lines. TP&L is running behind in doing engineering on new projects and was unable to determine in time for Council approval where they needed these easements. We are asking developers to submit their engineering to utility companies at the same time they submit it to the City in order to take care of these problems. However, sometimes the utility companies still will not be finished with the plat by the time we require the City Council to act on it.

Since this is an alteration to the plat and several of the lots, we are requiring the developer to come before you and City Council to get official permission to vacate the existing plat and approve the new plat to be filed at the County Clerk's office. We have no objections to the plat. There are no alterations besides the easements. If you will remember, when coming before you with the first set of plats Mr. Unruh did have some difficulty in getting the foreign landowner to sign the plats. His attorney has already signed this revised plat so that there will be no problem in getting the plat filed on time.

Although we try not to put new items on your Work Session, we thought this was such a routine item that it would create little discussion. Also, we hope to get this replat filed before any additional lots are sold in the new subdivision.

MINUTES OF THE PLANNING AND ZONING COMMISSION
August 29, 1985

The meeting was called to order at 7:20 P.M. Members present were Chairman Tom Quinn and Commissioners Don Smith, J. D. Jacobs, Teddy Carlaw and Hank Crumbley. Norm Seligman and Harry Knight were absent.

Smith made a motion to recommend vacating the existing file plat and approving a replat for the Estates of Coast Royale No. 1. Crumbley seconded the motion. The motion was voted on and carried unanimously. Smith made a motion to recommend vacating the existing file plat on the Estates of Coast Royale No. 2 and approving a replat. Jacobs seconded the motion. The motion was voted on and carried unanimously.

Harold Chenault told the Commission that he had revisions to his proposed retail site plan on the northeast corner of Storrs and Goliad Streets in response to the Commissioners' comments at the last meeting. He had relocated his dumpsters next to the convenience store. He tried to save some of the existing trees. He was providing landscaping in the rear of the building and along the east side of the screening fence. He had moved more parking spaces close to the drug store. He had moved some of the planter boxes around to the parking lot to try to prevent them from being damaged by automobiles. He stated that gasoline trucks would be able to fill the gasoline storage tanks without blocking all access to the convenience store. He did point out that he was asking for entries onto SH-205 less than 200 ft. apart. Smith verified that the Planning Commission and City Council had the authority to allow entries less than 200 ft. apart. Staff pointed out that the recent Zoning Ordinance amendments allow such discretion. He also asked about escrowing requirements. Staff reported that the Thoroughfare Plan shows SH-205 as a three-lane road in this area. There is already sufficient right-of-way and paving for three lanes. Quinn said that it appeared the northernmost parking spaces would have to be emptied for the gasoline truck to fill the tanks. Chenault said he did not expect the parking lot to be full, but even so, the cars would only be temporarily blocked. Smith said he regretted there was so much landscaping behind the building rather than along the street frontage because of the required 20 ft. setback. Steve Hundley, the project architect, said the owner may purchase the property behind the center. Then he would want to replat and combine the two sites. Currently he was interested in making the eastern side of the screen as attractive as possible for the adjoining property. Jacobs questioned what type of fence would be used. Hundley said they planned a 6 ft. fence which could be removed if the property were replatted into one site. Quinn suggested the applicant needed more area for traffic maneuvering on site. Hundley pointed out that the site plan met all technical requirements except for the 200 ft. entry separation. Crumbley made a motion to recommend approval of the site plan for a retail shopping center on the northeast corner of Storrs Street and Goliad as submitted. Smith seconded the motion. The motion was voted on and carried, with Smith, Jacobs and Crumbley voting for and Quinn and Carlaw voting against.

The Commissioners then adjourned to a Work Session.

The Commissioners discussed upcoming planning cases and meeting procedures.

The meeting was adjourned at 9:30 P.M.

APPROVED:

Chairman

ATTEST:

City Secretary

III. Consent Agenda

Action Needed: Motion to approve Consent Agenda with any items removed for individual discussion.

- A. 85-67-FP - Consider Vacating the Existing File Plat and Approving a Replat for the Estates of Coast Royale No. 2
- B. 85-66-FP - Consider Vacating the Existing File Plat and Approving a Replat of Estates of Coast Royale No. 1

Cecil Unruh presented to you the preliminary and final plats for the Estates of Coast Royale Nos. 1 and 2 several months ago. At that time the plats were reviewed and approved by the Planning and Zoning Commission and City Council. After your approval the plats were signed and filed with the County Clerk.

Since that time Texas Power and Light Company has determined that they need additional easements in both subdivisions. The best way to record these new easements so that anyone developing on the property would be aware of them is to replat the property. The applicant has therefore submitted the revised plat showing the new easements. There have not been any other changes to the plats. The Planning and Zoning Commission recommended approval.

MINUTES OF THE ROCKWALL CITY COUNCIL

September 9, 1985

Mayor Leon Tuttle called the meeting to order at 7:30 P.M. with the following members present: Nell Welborn, Ed Eubanks, Granville Davis, John Bullock, Boll Fox and Luke Gournay.

The Council first considered approval of minutes of August 5 and August 26, 1985. Gournay pointed out that the minutes of August 5th referred to "Maude Atkins" and to "Peter Atkins" and should be changed to "Maude Oetking" and "Peter Oetking". Gournay stated that the Council had held a meeting on July 25, 1985, for which minutes had not been presented to the Council for approval.

The Council heard a presentation from the Rockwall Chamber of Commerce regarding the industrial development effort known as "Team Rockwall". A video presentation prepared by Texas Power and Light Company for the Rockwall Chamber of Commerce was viewed by the Council and the audience. Councilmembers agreed that the video was very well done.

Tuttle suggested that the Council adopt a resolution commending Texas Power and Light for the assistance provided in preparation of the promotional video for the Chamber. Eubanks made a motion that a resolution commending Texas Power and Light for the assistance provided in preparation of the promotional video and the professional quality of the presentation be passed. Bullock seconded the motion. The motion was voted on and passed unanimously.

Gournay made a motion that the minutes of August 5 and August 26 be approved as corrected previously. Welborn seconded the motion. The motion was voted on and passed unanimously.

The Council then considered the Consent Agenda including consideration of vacating the existing file plat and approval of a replat for the Estates of Coast Royale No. 2; consideration of vacating the existing file plat and approval of a replat for the Estates of Coast Royale No. 1; and consideration of approving a final plat for Rockwall Business Park East, Phase 3. Eubanks made a motion that the items listed as the Consent Agenda be approved. Bullock seconded the motion. The motion was voted on and passed unanimously.

The Council then heard additional presentations from the Rockwall Chamber of Commerce Team Rockwall Industrial Development program. Welborn made a motion that the City Council enthusiastically support the Team Rockwall efforts, lending their support in any way possible (including the permission to use the City's name in any of their promotional material) and that the resolution supporting the Team Rockwall effort be approved.
