205 West Rusk
Rockwall, Texas

APPLICATION FOR CONDITIONAL USE PERMIT

Case No. 1986-10-37/CUP Date Submitted 1-9-86
Filing Fee \$ 55.00
Applicant Maddelyn J. Anderson
Address 4114 Southridge Phone Number 475-3987
Rowlett, Texas 75088
Owner _____ Tenant _____ Prospective Purchaser

Legal description of property for which Conditional Use Permit is requested (if additional space is needed, the description may be typed legibly on a separate sheet and attached hereto):

Lots 1-6 Forec Addition

I hereby request that a Conditional Use Permit be issued for the above described property for:

Use as a day care center

The current zoning on this property is residential.
There are/are not deed restrictions pertaining to the intended use of this property.

I have attached hereto as Exhibit A a plat showing the property which is the subject of this requested Conditional Use Permit and have read the following note concerning the importance of my submitting to the City a sufficient legal description.

Signed Maddelyn J. Anderson

Note: The legal description is used to publish the notice of the required hearing and in the preparation of the final ordinance granting the Conditional Use Permit. The description must be sufficient so as to allow a qualified surveyor to take the description and locate and mark off the tract on the ground. Each applicant should protect himself by having a surveyor or his attorney approve his legal description. Failure to do so by the applicant may result in delay in passage of the final ordinance or the ordinance being declared invalid at some later date because of an insufficient legal description.

(The following Certificate may be used by the applicant to give notice to the City of the sufficiency of the legal description; however, the same is not a requirement of the Application.)

CERTIFICATE

I hereby certify that I have checked the legal description of the property described in this Application and the same describes the tract of land shown on the Plat attached hereto as "Exhibit A" and said description is sufficient to allow qualified surveyor to locate and mark off said tract on the ground.

Surveyor or Attorney for Applicant

City of Rockwall,

Re: Conditional Use Permit for Day Care Center
owners, Dr. Randy Sparks & Madolyn Anderson

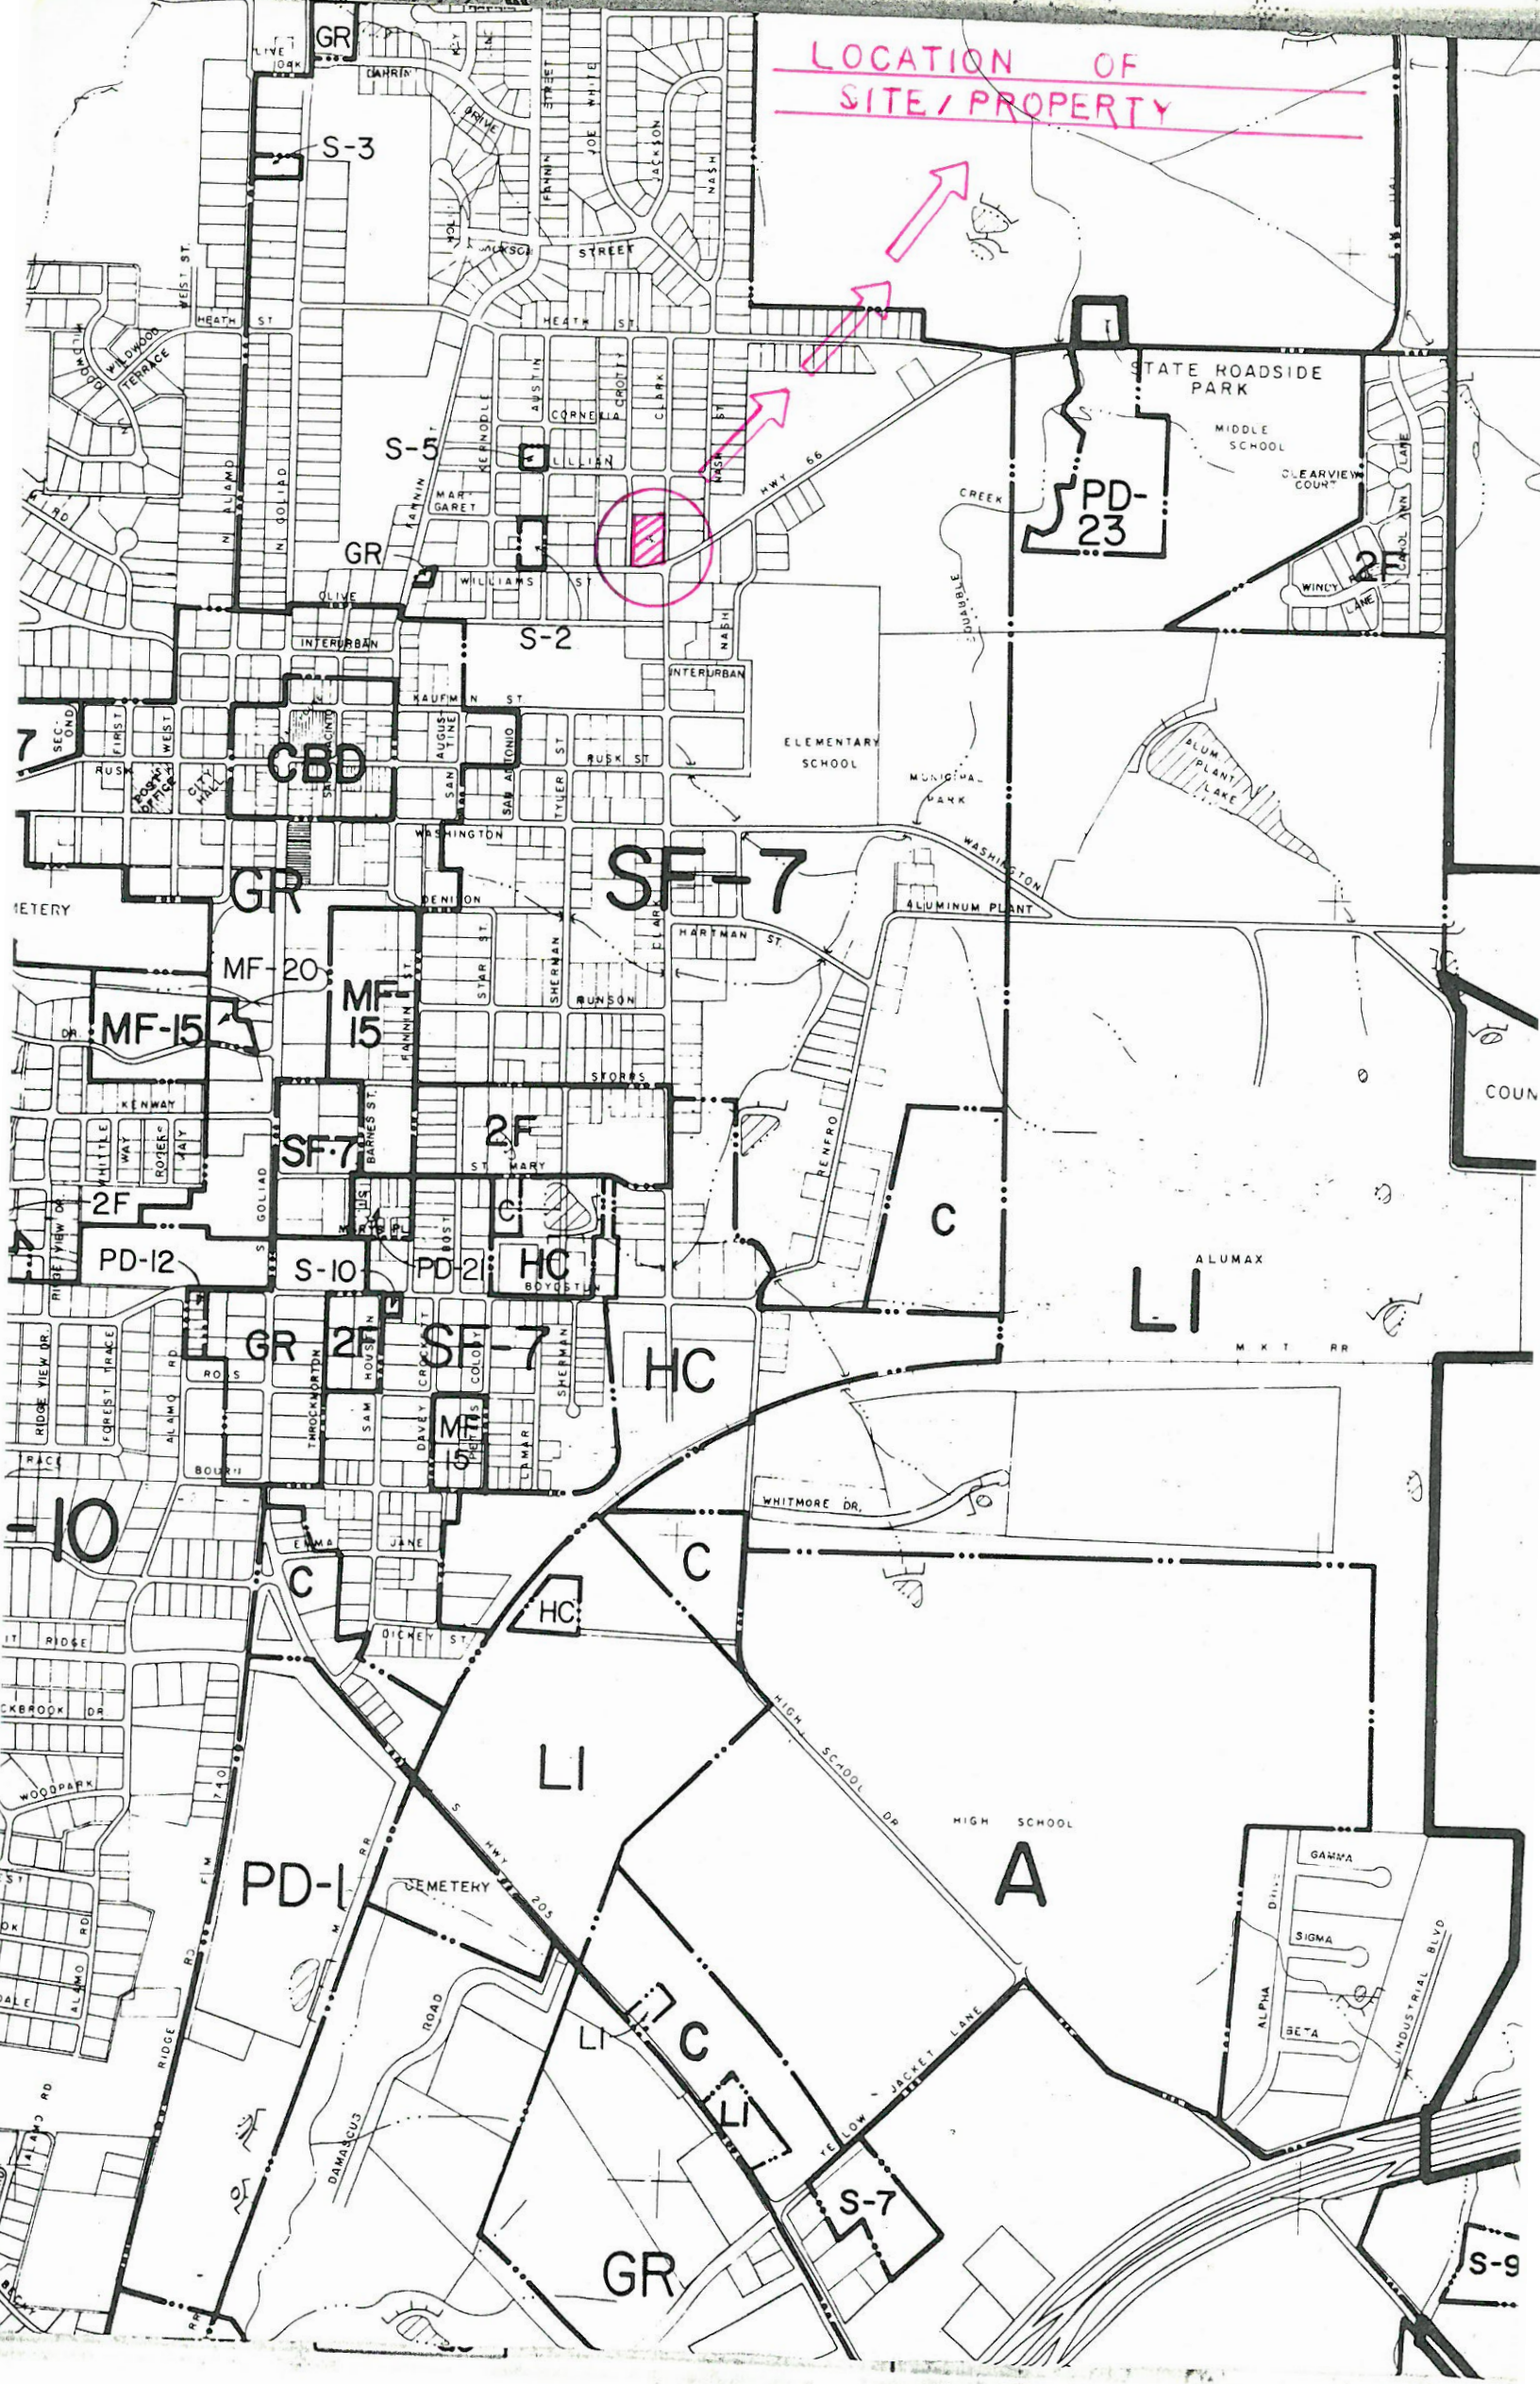

My clients have advised me that they are
not interested in persueing the application
for a Conditional Use Permit for a Day Care
Center on the property @ S.H. 66, Clark St.
and Crotty St.

This letter is notice to remove application,
and not be put on the agenda for next
Council meeting.

Thank you,

John R. Lindsey

Agenda Notes

P&Z - 2/13/86

- III. B. P&Z 86-10-CUP/SP - Hold Public Hearing and Consider Approval of a Request from Madolyn Anderson/Randy Sparks for a "CUP" Conditional Use Permit and a Site Plan for a Day Care and Learning Center to be Located on Lots 1 - 6 of the Foree Addition (.9 Acres) at the Northeast Corner of Williams and Crotty Streets

We have received a request from Madolyn Anderson who wishes to operate a day care learning center located at the northeast intersection of Crotty Street and SH-66. The property is currently zoned "SF-7" as is the remainder of the area in all four directions. The use proposed is to be located on a State highway. Highway 66 in our Thoroughfare Plan in this location is proposed to be downgraded to a collector someday and the 66 designation would be relocated. However, this is a number of years down the road. The property is platted. IF the Conditional Use Permit is approved prior to construction the applicants will have to appear before the Board of Adjustments for a variance to build over lot lines. This is currently in the Foree Addition which was subdivided into lots approximately 140 ft. by 50 ft.

The site plan as it is shown in your packet provides for the day care facility to be faced toward SH-66 with an entrance located off of Clark Street and an exit located off Crotty Street. There would be no proposed exit on SH-66. This is a better access than having an entrance on SH-66 and would provide for less backup. They do have some stack space both within the property, as well as on Clark Street for those vehicles entering the facility off of SH-66. The parking is adequate for the space provided. They are proposing to do nothing with the rear property which is approximately 140 ft. by 100 ft. Until something is done with that property it does provide a good buffer between this development and the houses located down Crotty Street.

Some of the concern that we had regarding the proposed site plan was the condition of the existing streets, that being Crotty Street, Highway 66 and Clark Street. Based on the plan as submitted we would have recommended that they curb and gutter along the length of the property on Crotty Street and tie the paving into the new curb, that they curb and gutter and replace the sidewalk along SH-66 and tie the existing paving along SH-66 into the curb line. And then, along Clark Street our initial recommendation would have been that they pave a standard City street 29 ft. from the back of the curb to the back of the curb from the entrance on SH-66 to the rear of their entrance into the property. However, after reviewing these recommendations and the condition of Clark Street, we can see some problems with this. There is currently only 32 ft. of right-of-way along Clark Street north of SH-66. Although it is dedicated right-of-way, it is not used as a street and no houses front onto it. It is paved only in gravel and barely serves as an alley. We also have an existing 8 in. sewer main and an existing 6 in. water main in place down this section of Clark Street. If we were to require the property owner to pave Clark Street up to the rear of their entrance, it would possibly involve the additional dedication of right-of-way, as well as the relocation of utilities.

III. B. Cont'd.

We can't have our utilities in place under pavement. In addition to these items, by putting their only entrance onto Clark Street, they would be generating some additional traffic along that length of Clark Street to Lillian by people wanting to avoid getting on SH-66. You would therefore generate additional traffic on a street that is not designed to carry it. It also puts more of a conflict at the intersection of Clark Street and SH-66 going south toward the school. After reviewing these concerns with the applicant, they are going to draft an alternative that would put both the entrance and the exit on Crotty Street and not put an entrance on Clark Street. This would accomplish several things. First of all, it would eliminate having to put traffic on that section of Clark Street that is not designed for it. It would also reduce the conflict with the school traffic trying to turn south on Clark Street and the day care traffic trying to turn north on Clark Street. The disadvantages to moving the entrance onto Crotty is that it puts all of the traffic into the property on Crotty Street which, at this point, is a residential street with bar ditches on both sides. If this alternative is considered, we would recommend that not only do they curb and gutter and tie in the paving on their side of Crotty Street, but that they also construct the curb and gutter and tie in the street opposite their property up to their entrance and/or exit into the property. We believe this is a reasonable requirement if they are going to be putting additional traffic on Crotty Street. A third alternative for access would be to put the entrance and exit onto SH-66. While this would eliminate the problem of additional traffic on Crotty Street, it does create some additional traffic problems along SH-66. This is the point where SH-66 is just coming out of a curve which is not a good location to have a lot of cars having to stop in SH-66. Again, it is also very close to the intersection of South Clark and SH-66 which generates a lot of traffic in the mornings and afternoons for school. An entrance on SH-66 at this location would just enhance that problem. The applicant is aware of all of these concerns and is going to prepare an alternative for you to look at Thursday night which would provide for the entrances on Crotty Street.

Some of the other concerns that have been expressed by the residents in the area in the notices we have received back have included concerns about noise from the children when they are playing outside. As you can see from the proposed site plan, they do have a fenced playground area behind the building itself. They are proposing to construct a 6 ft. wood fence and place shrubbery around the inside of that fence to further buffer noise that might be generated.

One additional condition we would put on the Conditional Use Permit if the P&Z considers recommending approval would be that if anything were proposed for the back area of the property which is currently unplanned other than converting it into straight residential, that they be required to come back for a site plan review at that time.

One other question that was raised at the Work Session was the width of right-of-way along SH-66. There is at least 50 ft. of right-of-way,

Agenda Notes

P&C - 2/13/86

III. B. Cont'd.

and there may be more if the State has acquired any additional right-of-way since the initial dedication. The Thoroughfare Plan shows SH-66 in this location to be downgraded to a collector which would be a 60 ft. right-of-way. There is the potential that the City might also have to acquire an additional 5 ft. of right-of-way from this side of the road when this section of the road is improved. As has already been mentioned, this property has already been platted, and that is the City's usual mechanism for acquiring the dedication of right-of-way when property develops. We will try to further verify the width of the right-of-way prior to tomorrow night.

Attached is a copy of the original site plan as submitted.

MINUTES OF THE PLANNING AND ZONING COMMISSION

February 13, 1986

The meeting was called to order at approximately 7:35 P.M. by Chairman Tom Quinn. Other members present were J. D. Jacobs, Teddy Carlaw, Don Smith, Hank Crumbley, Leigh Plagens and Norm Seligman.

The first item considered was the Consent Agenda consisting of the following:

1. Approval of minutes dated January 16, 1986
2. Approval of final plat for Northshore, Phase II-B.

Carlaw made a motion to approve the Consent Agenda with the following name corrections on the minutes of January 16, 1986: 1) Vernie Miller, 2) Rex Reavis, 3) George Lubke. The motion was seconded by Jacobs, the same was voted on and passed unanimously.

Next the Commission held a public hearing and considered approval of a request from Whittle Development for a change in the preliminary plan for "PD-9" to include the land uses of General Retail, "SF-7", "SF-22.5", "SF-15", and "MF-14", with area requirements on approximately 288 acres of land located between FM-740 and FM-3097. Staff briefly detailed the case. The public hearing was opened. The developer, Rob Whittle, then approached the Commission stating the details of his request and offering to answer any questions that the Commission or others might have. Next, Mr. Jim Seglee, an adjacent property owner, approached the Commission requesting to ask Mr. Whittle various questions and stated his concerns regarding the request. As there was no further discussion, the public hearing was closed. The Commission then discussed the following items: 1) Office/Warehouse versus Office/Showroom; 2) the breaking up of large tracts into small sections; 3) the timetable for the development plan; 4) the land that is to be developed in the City of Heath; 5) the ownership of land; 6) the timetable for developing the property; 7) utilities; 8) the sewer treatment plant. A motion was made by Seligman to approve the request for the "PD-9" to include the land uses of General Retail, "SF-22.5", "SF-12.5", "SF-10" with the area requirements, amenities, and guidelines as submitted on the plan to the Commission. Crumbley seconded the motion. The motion was voted on and passed unanimously.

The Commission then held a public hearing and considered approval of a request from Madolyn Anderson/Randy Sparks for a Conditional Use Permit and a site plan for a day care and learning center to be located on Lots 1 - 6 of the Foree Addition. Staff detailed the case. The public hearing was opened. Mr. John Lindsey, representing Anderson/Sparks, then approached the Commission, outlining the request. The following residents of the Foree Addition approached the Commission with their opposition to this request: Sue Roan, Alvin Hunter, Pete Nelson, Craig Fox, Sherry Eperson, Henry Dryer, Joe Niel, David Dorotik. Mrs. Anderson, the applicant, then approached the Commission explaining her request. After Mrs. Anderson's statements, the following residents again came before the Commission opposing the request: W. B. Lowe, Bob Speights, Rick Lemley, Mary Tarvin. The public hearing was then closed. The Commission then discussed at length the following

items: 1) deliveries to the center; 2) traffic; 3) sewer and water lines; 4) hours that the center would be open; 5) the number of children that would be expected in the center. A motion was then made by Smith to deny the request, with Plagens seconding the motion. The motion was voted on and passed six to one, with Crumbley voting against and all others voting in favor.

The Commission then held a public hearing and considered approval of a request from Larry Cleghorn for a Conditional Use Permit for the temporary location of one mobile home located on 66.26 acres of land. Staff detailed the case. The public hearing was opened. Mr. Cleghorn then approached the Commission, outlining his request and offering to answer any questions the Commission or others might have. With no one wishing to discuss the issue, the public hearing was closed. The Commission then discussed with Mr. Cleghorn several items. A motion was made by Plagens to approve the request for a one-year Conditional Use Permit with Seligman seconding the motion. Smith then amended the motion by stating that the motion should be subject to the applicable conditions of City ordinances. The motion was voted on and passed unanimously.

The Commission then considered approval of a final plat for Harbor Landing, Phase I, a 21 lot single family subdivision located in Chandlers. Smith noted to the Commission that the preliminary plat for this request had not been before the Council at this time. Smith then made a motion to approve the request subject to the Council's action on the preliminary plat. Plagens seconded the motion, the same was voted on and passed unanimously.

The Commission then considered approval of a final plat for the Lee Rhoades Addition, a one-lot subdivision located on Summit Ridge. A motion was made by Plagens to approve the request. Smith seconded the motion, the same was voted on and passed unanimously.

The item to consider approval of a vacation of plat and a replat of the Goldencrest Subdivision containing 49.943 acres of land located east of FM-740 was withdrawn from the Agenda by the applicant.

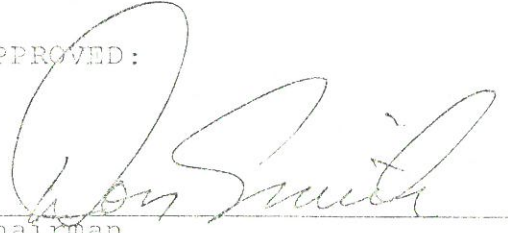

Next, the Commission considered approval of a site plan for the 740 Gulf Station located at the northwest corner of FM-740 and I-30 Service Road. After several remarks by the Commission, a motion was made by Smith to approve the request as submitted, with Jacobs seconding the motion. The motion was voted on and passed unanimously.

The item to consider approval of a revised site plan/preliminary plat of the Chenault Retail Center located at the north corner of Storrs Street and SH-205 was withdrawn from the Agenda by the applicant.

The Commission then considered approval of a request from Melvin Cooley to build a front yard fence on Lot 19, Block D of the Windmill Ridge Subdivision, Phase 2-A (201 Mapleridge Drive). After a short discussion by the Commission, a motion was made by Plagens to approve the request and was seconded by Seligman. The motion was voted on and passed six to one, with Smith voting against and all others voting in favor.

With no other business to come before the Commission, the meeting was adjourned.
