- IV. B. P&Z 86-37-FP - Consider Approval of a Request from Richard Harris for a Final Plat on Richard Harris Subdivision No. 5, a One Lot Residential Subdivision Located on High School Road
- C. P&Z 86-36-FP - Consider Approval of a Request from Richard Harris for a Final Plat on Richard Harris Subdivision No. 6 a One Lot Commercial Subdivision Located on High School Road

Action Needed: Approval or denial of final plats on Richard Harris No. 5 and Richard Harris No. 6

We have received two one lot subdivisions adjacent to each other located on High School Drive at the intersection of High School, Renfro and Boydston. One of the lots is zoned "SF-7" and is proposed for residential use. The other lot is a Heavy Commercial lot which will be used for heavy commercial purposes. The lots as proposed do meet all of our minimum requirements for their respective zoning districts. The applicant is requesting a waiver from the escrowing requirements for High School Drive. High School and Renfro are shown on the Thoroughfare Plan as a collector street. He is proposing to dedicate the necessary amount of right-of-way to provide for the ultimate 60 ft. of right-of-way in both lots. He is asking for a waiver on the residential lot because it is a single lot residential subdivision, as others we have seen in the past. He is proposing to install curb and gutter at this location when he does build a structure if the City will tie the street to the curb.

On Richard Harris No. 6, he is requesting a waiver from the escrowing requirements for paving for the same reason Don Cameron requested a waiver on the Lofland Industrial Park. The City recently completed an improvement to High School Road which began in front of this lot owned by Richard Harris. Mr. Harris is willing to provide curb and gutter for this lot and pay for the extension of the street to the curb and gutter when he builds a building on the lot. Copies of the plats are included.

As was mentioned at the meeting, there is going to be an odd shape of dedication on Subdivision No. 5 due to the conflicting alignments of Renfro and High School. The plat included in the packet includes the original dedication. We are still working with the surveyor to determine exactly what amount of right-of-way needs to be provided on this lot. We will have that information for you at the meeting Thursday night.
