Planning and Zoning Agenda

AGENDA DATE: August 11, 1988 AGENDA NO. IILB.

AGENDA ITEM: Hold Public Hearing and Consider Approval of a Request from P.D. Crawford for a Change in Zoning from "GR" Genmeral Retail to "SF-7" Single Family on a Tract of Land Located at Kaufman Street and San Augustine, and Consider Approval of a Final Plat

ITEM GENERATED BY:

ACTION NEEDED: Hold public hearing and recommend approval or denial of the zoning request and final plat.

BACKGROUND INFORMATION:

We have received a request from Mr. P.D. Crawford for a change in zoning from GR to SF-7 on a lot located at the intersection of san Augustine and Kaufman Streets. A number of months ago Mr. Crawford's house burned down. The property is zoned General Retail and under our current ordinance residential uses are not allowed in commercial areas. Mr. Crawford has purchased the old Methodist parsonage and wishes to move it on this lot to use as a residence. In order to do so, because the nonconforming status on the lot has been lost due to the fire, the property would have to be rezoned to residential. In addition to the rezoning the lot has never been platted and before a building permit can be issued it must be platted. In conjunction with the platting our street escrow requirements would require that funds be secrowed to pay for one half of the estimated cost of improvements to both Kaufman and San Augustine. Mr. Crawford would request a waiver to the escrow requirements on the basis that this is an owner occupied one lot subdivision.

Technically speaking this could be defined as spot zoning because the surrounding zoning is GR. However, because the applicant is going to a more restrictive classification and because the land uses to the south and east are residential we feel there are some mitigating circumstances in this case. A question was raised at the work session about the possibility of amending the zoning ordinance to allow residential uses in GR with a CUP. When the current ordinance was adopted residential uses were purposely left out of commercial districts becuse of the conflicts that can develop when property can be used for both residential and commercial uses. I would not recommend that we recognize residential uses as allowed uses in GR for this reason.

Attached you will find a copy of the plat and the responses of the neighborhood.

Minutes of the Planning and Zoning Commission
August 11, 1988

Vice Chairman Bill Sinclair called the meeting to order with the following members present: Bob McCall, Leigh Plagens, Robert Wilson and Hank Crumbley.

The Commission first considered approval of the minutes of July 14 and July 25, 1988. Plagens made a motion to approve both sets of minutes with the correction of certain typographical errors. Crumbley seconded the motion. The motion was voted on and passed unanimously.

The Commission then held a public hearing and considered approval of a request from Eugene and Luanne Franks for a Conditional Use Permit for a single family use on less than ten acres in an Agricultural Zoning Classification on a tract of land located at FM-740 and Shadydale Lane. Assistant City Manager, Julie Couch explained that the applicants wished to build a garage to house a semi-truck. She stated that no building permit could be issued until permanent zoning was established or a CUP was issued. She explained that the applicants didn't wish to rezone to single family because they would not be allowed to park the truck in single family zoning.

Luanne Franks told the Commission that the garage would be located to the rear of lot and was 4 to 6 feet lower than the house on the lot. She stated that the garage would have an automatic door, would be built to match the house with three feet of brick around the sides, and would completely conceal the truck.

Bob McKinney, No. 3 Shadydale, stated the Shadydale Lane would not withstand regular truck traffic and he was opposed to the CUP. George Hatfield, No. 1 Shadydale, stated that he lived directly across from the applicant's lot, he was opposed to allowing the permit, and that the asphalt road wouldn't withstand the weight of the truck. Mrs. Franks stated that the truck weighted 17,500 pounds which was less than the city garbage truck. Anita McKinney voiced her opposition. Sarah Whittle stated that she was unopposed. McCall confirmed with Rob Whittle that Shadydale would eventually tie into Phase III of Foxchase. Don Smith, a resident of Chandler's Landing, stated that with or without the garage a truck could be parked in Agricultural Zoning but that a truck parking there was temporary and a garage was permanent. He was opposed to the CUP. Sue O'Brian, No. 5 Shadydale stated that the lots in the City Limits deserved the protection of City Ordinances.

The Commission discussed turn space at Shadydale and FM-740, the Scenic Overlay District, view of the garage from adjacent lots, the height and landscaping around the garage and the current zoning on the lot. Plagens made a motion to recommend approval of the CUP with the following conditions:

1. The sides visible from adjacent residences would be landscaped with evergreen shrubs

2. No truck maintenance or repair would be conducted outside of the garage
3. No other buildings or outside storage would be allowed related to the truck
4. Garage materials would match the house and include three feet of brick around perimeter

McCall seconded. The motion was voted on and passed 3 to 2 with Wilson and Crumbley voting against the motion.

Council then held a public hearing and considered approval of a request from P.D. Crawford for a change in zoning from "GR" general retail to "SF-7" single family on a tract of land located at Kaufman Street and San Augustine and considered approval of a final plat. Couch explained that the applicant lost non-conforming status when his residence burned down. She stated that prior to issuance of a building permit, the property would have to be zoned for residential and platted. She stated that as this would be a one lot owner occupied subdivision, the applicant was requesting a waiver of street escrow requirements. Bob Brown, B.L.S. and Associates was present to represent the applicant. Jimmy Massey, an adjacent property owner confirmed that the zone change would be one lot only. The public hearing was closed. Plagens made a motion to recommend approval of the zone change, final plat, and waiver request. Crumbley seconded the motion. The motion was voted on and passed unanimously.

Couch then outlined a request from Realvest Corporation to amend the Preliminary Plan for PD-8, to change the land use designation on lots 9 through 23, Phase 18, Section 2, from zero lot line to single family and the proposed area requirements. Sinclair opened the public hearing. Harold Evans explained that these lots had recently been replatted and the zone change would contribute to reducing overall density. Rob Whittle told the Commission that Whittle Development owned lots in Phase 17 and was under a contractual obligation not to expand the lots. The public hearing was closed. McCall made a motion to approve the amendment. Plagens seconded the motion. The motion was voted on and passed unanimously.

Sinclair opened a public hearing on a request from Buddy Haldeman for a change in zoning from "A" Agricultural to "C" Commercial on a tract of land located on SH-205 south of Rockwall Parkway. As there was no one present to address this issue, the public hearing was closed. Crumbley made a motion to table consideration until the worksession pending appearance of applicant representation. Plagens seconded the motion. The motion was voted on and passed unanimously.

Couch outlined an application from First Assembly of God Church for renewal of a Conditional Use Permit for a portable building exceeding the maximum permitted area in an "SF-7" Single Family Classification. Sinclair opened the public hearing. As there was no one present wishing to address the Commission on this issue, the public hearing was closed. Plagens made a motion to table the item until the worksession. McCall seconded the motion. The motion was voted on and passed unanimously.

The Commission then considered approval of a site plan for a Roadrunner Convenience Store and a final plat for the Haldeman Addition on a tract of land located at SH-205 and SH-276. Couch outlined the application. The Commission discussed the application. The Commission discussed the drive locations, the landscaping and the location of the sewer main. Plagens made a motion to approve the site plan and final plat. Crumbley seconded the motion. The motion was voted on and passed unanimously.

The Commission then considered approval of a final plat for Foxchase Phase 1, a 32 lot subdivision on FM-740. Couch explained certain changes recently made in PD-9. She stated that the final plat conformed with the preliminary plat as it was approved and outlined recommended conditions for approval. Rob Whittle, Whittle Development, was present to address questions. The Commission discussed a possible developer's contract pertaining to future park land. Plagens made a motion to recommend approval of the final plat with the following conditions:

1. Any proposed improvements to the median must be approved by Council
2. Execution of a developer's contract regarding future dedication of park land

McCall seconded the motion. The motion was voted on and passed unanimously.

As there was no further business to come before the Commission for consideration, the meeting adjourned.

Eisen explained that this would allow Airport rates to be set and amended by resolution as water and sewer rates were done. Couch read the ordinance caption. Smith made a motion to approve the ordinance. Luby seconded the motion. The motion was voted on and passed unanimously.

Council then considered approval of a resolution amending water and sewer rates. After a brief Council discussion, Seligman made a motion to approve the resolution. Smith seconded the motion. The motion was voted on and passed unanimously.

Council then considered approval of an ordinance updating service credit in TMRS and increasing the employee contribution rate. Eisen explained the contents of the ordinance. Couch read the ordinance caption. Smith made a motion to approve the ordinance. Williams seconded the motion. The motion was voted on and passed unanimously.

Council next considered approval of a resolution fixing a charge for returned checks. Eisen explained the current charge was \$5.00 and the resolution would establish a \$15.00 charge. Bullock questioned the cost of processing an insufficient check. Director of Finance Mike Phemister explained the procedures and stated that \$15.00 was an acceptable amount. Luby made a motion to approve the resolution. Smith seconded the motion. The motion was voted on and passed with all in favor except Bullock who was opposed.

Council discussed a resolution establishing a policy regarding review of newly annexed areas for the purpose of establishing permanent zoning. After discussion regarding the recommendation of the Planning and Zoning Commission, Seligman made a motion to approve the resolution. Williams seconded the motion. The motion was voted on and passed unanimously.

Council then considered approval of a resolution authorizing establishment of a 9-1-1 Emergency Telephone System and authorizing the levy of a charge to finance the service. Eisen outlined the steps taken to date towards establishing the service and additional procedures to be completed. Smith made a motion to approve the resolution. Luby seconded the motion. The motion was voted on and passed unanimously.

Council then considered award of bid for materials for a 12" water main extension to the Children's Shelter on Airport Road and a 6" water main replacement on the Alumax property. Director of Community Services Ed

Heath recommended award of the bid to Trans Tex Supply and explained that the two lower bidders had not complied with specifications. The bids were as follows:

Daystar Sales	\$14,121.70
Atlas Utility	\$14,657.04
*Trans Tex Supply	\$15,183.99
Bowles and Eden	\$15,863.42
Texas Meter Service	\$15,959.36

Seligman made a motion to award the bid as recommended. Williams seconded the motion. The motion was voted on and passed unanimously.

Council then considered authorizing the City Manager to execute an agreement with Independent Bank for financing a \$77,261.86 note. Mayor Miller turned the chair over to Councilmember Bullock and abstained from participation in the discussion due to a conflict of interest. Eisen explained that a balloon payment was due September 20th on a two year note in the original amount of \$110,000 used for the purchase of land. He stated that it would be a two year note with a three year amortization period at an interest rate of approximately 10% as determined by our depository agreement. Smith made a motion to authorize execution of the agreement. Seligman seconded the motion. The motion was voted on and passed unanimously.

Council then considered approval of a resolution accepting a donation of .2897 acres of land for use as a City park by Dr. Sherman Sparks and authorizing the City Manager to file a warranty deed effective January 20, 1989. Director of Parks and Recreation Rick Crowley outlined the provisions of the deed and location of the land. Williams made a motion to approve the resolution. Seligman seconded the motion. The motion was voted on and passed unanimously.

Council then considered award of bids for paving, drainage, and utility improvements in the Heritage Heights Subdivision. Eisen explained that FMHA approval still had not been received. Smith made a motion to table the award until October 17th or the next convenient meeting upon receipt of approval. Williams seconded the motion. The motion was voted on and passed unanimously.

As there was no further business to come before Council for consideration, the meeting adjourned.

I am in favor of Mr Crawford being able to rebuild his house that burned But under an exemption to present zoning.

The zoning of "general retail" now is very misleading because of all the "tacked on" restrictions about "proximity to churches, proximity to residences, etc" which severely restrict the usage of my property — actually not allowing me the "general retail-full use" already. I am opposed to any changes in the zoning which would further restrict the type of business that can be in my location. Previously, there had been no willingness by the city, the zoning Commission, or the other property owners in the area to allow changes or exceptions in zoning restrictions which would have allowed me to sell the property as a residence or place video or other types of businesses in my location because of traffic or volume of patrons etc.

So, if you can allow him to rebuild his property as it was — which surely you can find a way to do, I am in agreement. But, if you must make changes to do that which will further hurt the "business value" of the general retail zoning on my property I am in opposition.
