The Final Plat shall generally conform to the Preliminary Plat, as approved by the City Council and shall be drawn to legibly show all data on a satisfactory scale, usually not smaller than one inch equals 100 feet. The Final Plat shall be submitted on a drawing which is 18" x 24".

The following Final Plat Checklist is a summary of the requirements listed under Section VIII of the Rockwall Subdivision Ordinance. Section VIII should be reviewed and followed when preparing a Final Plat. The following checklist is intended only as a reminder and a guide for those requirements.

INFORMATION

Provided or
Shown on Plat

Not
Applicable

1. Title or name of development, written and graphic scale, north point, date of plat and key map

2. Location of the development by City, County and State

3. Location of development tied to a USGS monument, Texas highway monument or other approved benchmark

4. Accurate boundary survey and property description with tract boundary lines indicated by heavy lines

5. If no engineering is provided show contours of 5 ft. intervals

6. Accurate plat dimensions with all engineering information necessary to reproduce plat on the ground

7. Approved name and right-of-way width of each street, both within and adjacent to the development

8. Locations, dimensions and purposes of any easements or other rights-of-way

9. Identification of each lot or site and block by letter and number and building lines

10. Record owners of contiguous parcels of unsubdivided land, names and lot patterns of contiguous subdivisions, approved Concept Plans, reference recorded subdivision plats or adjoining platted land by record name and by deed record volume and page

11. Boundary lines, dimensions and descriptions of open spaces to be dedicated for public use of the inhabitants of the development

12. Certificate of dedication of all streets, alleys, parks and other public uses signed by the owner or owners (see wording)

13. Designation of the entity responsible for the operation and maintenance of any commonly held property and a waiver releasing the City of such responsibility, a waiver releasing the City for damages in establishment or alteration of grades (see wording)

14. Statement of developer responsibility for storm drainage improvements (see wording)

15. Instrument of dedication or adoption signed by the owner or owners (see wording)

16. Space for signatures attesting approval of the plat (see wording)

17. Seal and signature of the surveyor and/or engineer responsible for surveying the development and/or the preparation of the plat (see wording)

18. Compliance with all special requirements developed in preliminary plat review

19. Statements indicating that no building permits will be issued until all public improvements are accepted by the City (see wording)

20. Submit Along with plat a calculation sheet indicating the area of each lot.

21. Attach copy of any proposed deed restrictions for proposed subdivision.

OWNER'S CERTIFICATE

(Privately Maintained Common Area)

STATE OF TEXAS

COUNTY OF ROCKWALL

WHEREAS _____ (Owner) BEING THE OWNER OF A TRACT OF LAND in the County of Rockwall, State of Texas, said tract being described as follows: (Legal Description)

(15)

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

THAT _____ (Owner) being the owner, does hereby adopt this plat designating the hereinabove described property as (Subdivision Name), an addition to the City of Rockwall, Rockwall County, Texas, and does (13) hereby reserve all rights of the premises to the exclusion of the public, except as described otherwise herein, reserving such rights to _____ (Owner) _____, its successors and assigns, and further reserving its private easement for itself, its successors and assigns, at all times hereafter for ingress and egress to and from

of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision. (14) The developer and subdivision engineer shall bear total responsibility for storm drainage improvements. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

(19)

No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until such time as the developer has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall.

(19)

It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by

the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

STATE OF TEXAS

COUNTY OF ROCKWALL

WHEREAS _____ (Owner) _____, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows: (Legal Description)

(15)

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

THAT _____ (Owner) _____ being the owner, does hereby adopt this plat designating the hereinabove described property as (Subdivision Name), an addition to the City of Rockwall, Rockwall County, Texas, and does ⁽¹²⁾ hereby dedicate to the public use forever the streets and alleys shown thereon, and does hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. No buildings shall be constructed or placed upon, over, or across the utility easements as described

herein. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone. The ⁽¹³⁾ City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision. ¹⁴ The developer and subdivision engineer shall bear total responsibility for storm drainage improvements. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

(19)

No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until such time as the developer has complied with all requirements of the

Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall.

(19)

It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

APPLICATION FOR CONDITIONAL USE PERMIT

Case No. 90-25- CUP

Date Submitted 17 AUG 1990

Filing Fee \$ _____

Applicant MIKE SLAVENS

Address RT 1 1009 FRONTIER TR.
ROCKWALL, TEXAS 75087

Phone No. 214-563-7816

Owner _____ Tenant¹ * _____ Prospective Purchaser *¹ _____

Legal description of property for which Conditional Use Permit is requested (if additional space is needed, the description may be typed legibly on a separate sheet and attached hereto:)²

SEE SEPARATE AND ATTACHED SHEET

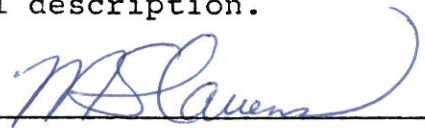

I hereby request that a Conditional Use Permit be issued for the above described property for:

LESS THAN 90%
MASONARY AS SHOWN
IN ELEVATIONS

MINIATURE GOLF, AMUSEMENT GAMES,
GO-KARTS, BATTING CAGES, CONCESSIONS
AND SALES OF RELATED PRODUCTS.

line The current zoning on this property is COMMERCIAL.
There ^{space} ~~are~~ ^{space} not deed restrictions pertaining to the intended use of this property.

I have attached hereto as Exhibit A a plat showing the property which is the subject of this requested Conditional Use Permit and have read the following note concerning the importance of my submitting to the City a sufficient legal description.

¹If the applicant is someone other than the owner, written acknowledgement by the owner of the request must also be submitted.

SEE ATTACHED LETTER

²The legal description is used to publish the notice of the required hearing and in the preparation of the final ordinance granting the Conditional Use Permit. The description must be sufficient so as to allow a qualified surveyor to take the description and locate and mark off the tract on the ground. Each applicant should protect himself by having a surveyor or his attorney approve his legal description. Failure to do so by the applicant may result in delay in passage of the final ordinance or the ordinance being declared invalid at some later date because of an insufficient legal description.

Specified Lighting Sales, Inc.
2665 Manana Dr.
Dallas, Tx. 75220

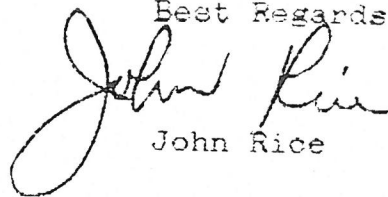

September 13, 1990

Mr. Mike Slavens
Putt a Round Golf and Games
Rockwall, Tx.

Dear Mike,

Following are cut sheets, pricing, and illumination studies for the subject proposed project. I have used 25' poles and 1000 watt metal halide wide beam floodlights for the general lighting for the miniature golf course. I used 20' poles and 400 watt "shoebox style fixtures for the parking lot lighting. You mentioned the possibility of 12' poles for the golf course, but let me explain that with 12' poles, it would take 4 times as many poles as with 25' poles, and it would look like a forest. The problem is that at 12' you are very limited to the wattage that you can use, and you are just about limited to fluorescent. The recommended light level for nighttime lighted miniature golf is 10 footcandles recommended by the Illuminating Engineering Society. To produce that type of light with fluorescent would run your connected load way up due to the fact that the lumens of light produced versus the wattage consumed is far less efficient with fluorescent. I hope that the information is fairly explanatory, and if you have any questions please do not hesitate to call.

Best Regards,

John Rice

DECASHIELD® II LUMINAIRE

APPLICATIONS

Parking areas, driveways, walkways, malls and roadways

SPECIFICATION FEATURES

- Heavy-gauge formed aluminum housing
- Separate swing-down optical and ballast door access
- ALGLAS® finish on reflector
- Heat and impact resistant tempered flat glass lens
- Decorative mounting arm standard
- Mogul base socket

To Whom It May Concern:

Mr. Mike Slavens, Route 1, 1009 Frontier Trail, Rockwall, Texas 75081, has agreed to purchase 5 acres of land on Highway 205 South in Rockwall, Texas, being known as Abstract 128, Tracts 2-1 and 2-2, from the Dallas Baptist Association, 8001 East R. L. Thornton Freeway, Dallas, Texas.

Mr. Slavens has permission from Dallas Baptist Association to apply for rezoning of the property.

Thank you,

Aubrey Patterson, Director
Church and Mission Development Division

CITY OF ROCKWALL
Planning and Zoning Agenda

Agenda Date: September 13, 1990

Agenda No: III. A.

Agenda Item: P&Z 90-25-SP/FP/CUP - Hold Public Hearing and Consider Recommending Approval of a Request from Michael Slavens for a Conditional Use Permit for a Conditional Use Permit for Miniature Golf Course and Related Recreational Activities and Approval of a Site Plan and Final Plat

Item Generated By: Applicant, Mike Slavens

Action Needed: Hold hearing and consider recommending approval of the application with any conditions included in the motion.

Background Information:

We have received a request for a CUP for a Commercial Amusement for a miniature golf course and a final plat for a site located on SH-205 south of Mims Road. This site was site planned and platted for a Missionary Baptist Church approximately a year ago. The church has sold the site to Mr. Slavens who is ready to develop it. The property that Mr. Slavens actually owns contains this site and additional land adjacent to this tract which is currently outside the City. He plans to develop the property outside the City as well as this tract and he has submitted a concept plan of how he intends to develop both parcels. Our comments concerning the application are as follows:

Site Plan/CUP

The site plan conforms to our requirements. The site plan as submitted would require 54 parking spaces based on the proposed building and 36 holes of miniature golf. Mr. Slavens plans to construct 75 spaces, 33 of which will be onsite and 42 of which will be on the adjacent tract outside the City. The total number of spaces should be adequate for his total development. He plans to only construct one of the buildings shown. He showed an optional building on the site within the City to be built only if he cannot obtain the financing for the larger building. He understands the concern of the Commission to ensure that any parking for the golf course that is constructed in the County is not used for other development and he has no problem with providing a parking and access easement on the adjacent parking. He does plan to construct the entire parking lot out of concrete.

Mr. Slavens also wishes to construct the proposed building with brick as the exterior material on the bottom floor and siding on the second floor, as shown on the attached elevation.

The conditions we would recommend on the CUP are as follows:

1. That the uses approved include miniature golf and related recreational uses, including video and arcade games, concessions, go-carts, and batting cages.
1. That a parking and access easement be filed prior to issuance of a Certificate of Occupancy on all off site parking required for the development as herein approved.
2. That all parking, whether onsite or offsite, be constructed to City standards.

CITY OF ROCKWALL
City Council Agenda

Agenda Date: September 17, 1990

Agenda No: V. C.

Agenda Item: P&Z 90-25-SP/FP/CUP - Hold Public Hearing and Consider Approval of an Ordinance Approving a Request from Michael Slavens for a Conditional Use Permit for a Conditional Use Permit for Miniature Golf Course and Related Recreational Activities and Approval of a Site Plan and Final Plat

Item Generated By: Applicant, Mike Slavens

Action Needed: Hold hearing and consider approval of the application with any conditions included in the motion.

Background Information:

We have received a request for a CUP for a Commercial Amusement for a miniature golf course and a final plat for a site located on SH-205 south of Mims Road. This site was site planned and platted for a Missionary Baptist Church approximately a year ago. The church has sold the site to Mr. Slavens who is ready to develop it. The property that Mr. Slavens actually owns contains this site and additional land adjacent to this tract which is currently outside the City. He plans to develop the property outside the City as well as this tract and he has submitted a concept plan of how he intends to develop both parcels. Our comments concerning the application are as follows:

Site Plan/CUP

The site plan conforms to our requirements. The site plan as submitted would require 54 parking spaces based on the proposed building and 36 holes of miniature golf. Mr. Slavens plans to construct 75 spaces, 33 of which will be onsite and 42 of which will be on the adjacent tract outside the City. The total number of spaces should be adequate for his total development. He plans to only construct one of the buildings shown. He showed an optional building on the site within the City to be built only if he cannot obtain the financing for the larger building. He understands the concern of the Commission to ensure that any parking for the golf course that is constructed in the County is not used for other development and he has no problem with providing a parking and access easement on the adjacent parking. He does plan to construct the entire parking lot out of concrete.

Mr. Slavens also wishes to construct the proposed building with brick as the exterior material on the bottom floor and siding on the second floor, as shown on the attached elevation.

1. That the uses approved include miniature golf and related recreational uses, including video and arcade games, concessions, go-carts, and batting cages.
1. That a parking and access easement be filed prior to issuance of a Certificate of Occupancy on all off site parking required for the development as herein approved.
2. That all parking, whether onsite or offsite, be constructed to City standards.

SEE ATTACHED NOTES CONT'D

Attachments:

1. Location Map
2. Site Plan and Concept Plan
3. Plat

CUP - MINIATURE GOLF NOTES CONT'D

3. That any significant alteration in the site plan as approved herein shall be submitted to the Planning and Zoning Commission for approval. That any alteration of the concept plan for the adjacent site, as included in the application, that reduces the number of parking spaces without reducing the parking demand, in accordance with City parking requirements, or that increases the parking demand without increasing the number of parking spaces shall require a review of this permit by the Planning and Zoning Commission.
4. (If you wish to approve the building elevation as submitted) That the building as shown on the approved site plan may be constructed of wood siding and brick as shown on the attached building elevation.

Plat

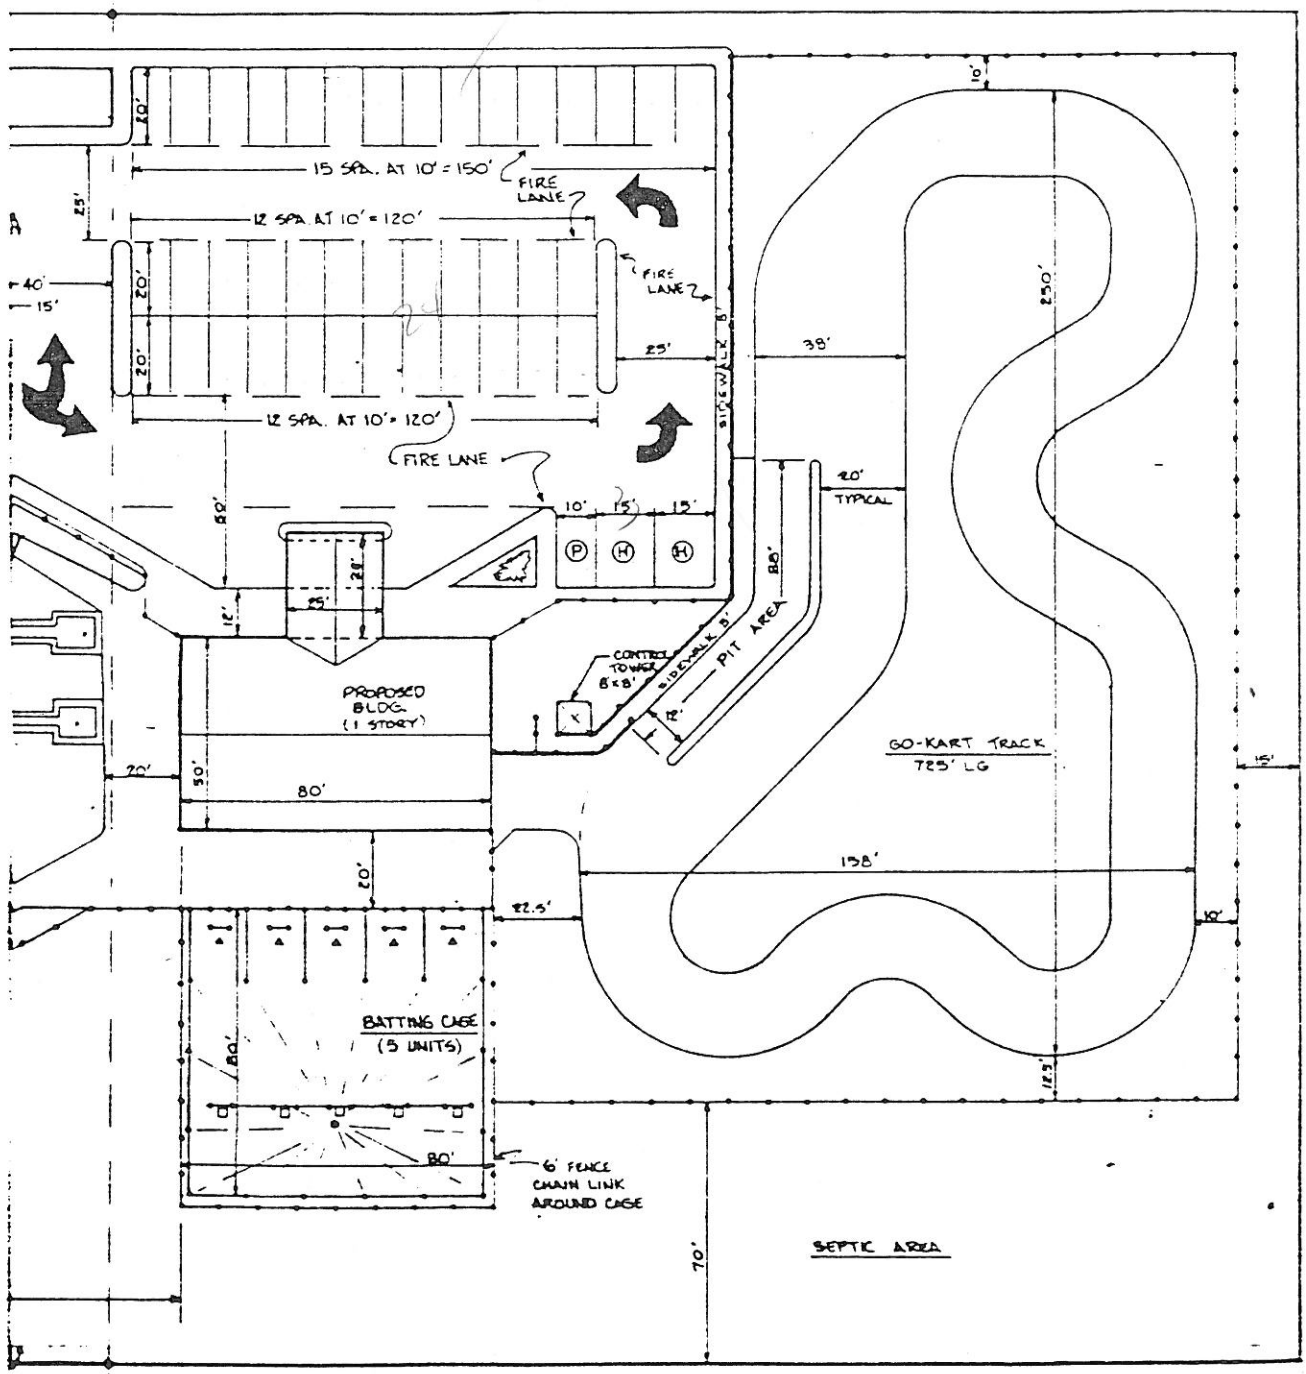

The applicant is submitting the same plat that was approved by the church. He is providing the necessary ROW for the expansion of SH-205. The plat meets minimum requirements. There is an RCH water line existing along 205 and he will utilize a septic system for the development. The only condition that we would recommend on the plat further addresses the parking issue as follows:

1. That a declaration be placed on the plat stating that "all parking approved for development of this plat as required by the Rockwall Comprehensive Zoning Ordinance, whether onsite or offsite, shall be provided prior to the issuance of a Certificate of Occupancy, and any subsequent development, whether onsite or offsite, shall be designed to provide additional offstreet parking for said subsequent development in accordance with City requirements."

The Commission will be considering this request at their meeting on Thursday night. We will forward a copy of their recommendation and a copy of the proposed ordinance to you on Friday.

PUTT-A-ROUND Golf and Games

Design and Construction

The courses will be designed to use as much as possible the natural landscaping of the property acquired. This will keep the excavating costs at a minimum. Existing trees will be left in place with the miniature golf courses interwoven among them to enhance the natural beauty. The use of obstacles and devices, eye appealing features such as dog legs, humps, banked turns, tunnels and water holes will be included to make the courses more satisfying to the public.

The miniature golf courses will be completely fenced in to discourage walk on traffic which may be distracting to paying customers. This will allow only those players who have paid their fee to play to be on the courses. The exit is planned so the players must pass by the check out counter when play is completed. This will allow the customers to conveniently turn in the putters they have used, and it will help to discourage any tempting theft.

Sufficient lighting will be designed and installed through out. This will extend operating hours and enable the courses to be used in the cooler evening hours when maximum customer potential can be achieved.

The use of brick planters for flowers, shrubbery and small colorful hedges will be installed to compliment the miniature golf courses.

Construction of all holes will be of concrete and outdoor carpet especially designed for miniature golf. Sidewalks will be in place on each course to eliminate traffic on planted grass and to insure movement of players in the proper direction from hole to hole. The courses will also be designed and constructed to allow sufficient room assuring some degree of privacy of the groups playing on each hole.

Most miniature golf courses designed and installed today by competitors, are cramped, use artificial designs, and lack the park like atmosphere. By designing and creating miniature golf courses using the environmental landscaping of trees, grass, shrubbery, hedges, and colorful flowers will enhance the visual effect thus creating a park like atmosphere which is pleasant, refreshing and enjoyable.
