Dear: P+Z + Council Members

Concerning the Exterior
of Said Property,
We would like to Paint
the Front Section of the
Building facing I-30 -
with colorful drawings
Clowns, animals ect,

Due to the Nature of
our business we feel its
very necessary to be Noticed.
Especially by Children!

The Sides of the Building
are fine - Basic Tan or white
with one strip of color
Blue - Red or GREEN.

We also intend to plant
a small number of Bushes
or Plants - flowers around
the exterior of the Building.

Thank you for your
consideration in this matter.

CITY OF ROCKWALL
Planning and Zoning Agenda

Agenda Date: September 13, 1990

Agenda No: III. C.

Agenda Item: P&Z 90-28-Z/CUP - Hold Public Hearing and Consider Recommending Approval of Establishment of Permanent Zoning for Commercial with a Conditional Use permit for a Commercial Amusement for a Skating Rink and Coin Operated Machines and a Building Not Meeting Exterior Masonry Requirements on a Tract of Land Located on I-30 East of Industrial Blvd.

Item Generated By: Applicant, John Benedetto

Action Needed: Hold public hearing and consider recommending approval of the request with any conditions included in the motion.

Background Information:

We have received a request for zoning and a CUP to reactivate the skating rink on I-30. The use has lost its nonconforming status because it has ceased operation for more than 6 months. Mr. Benedetto plans to reopen the skating rink and eventually move the Electric Circus to that location. he does not plan to expand the building or add additional buildings so he does not have to site plan or plat the property at this time. In order to occupy and rehab the existing building he needs zoning approval. He has requested Commercial zoning and a CUP for a Commercial Amusement. He has also requested a CUP for a structure that has less than 90% masonry exterior. The existing building is metal, which makes it nonconforming. Unless the building can be brought into zoning conformance Mr. Benedetto will be limited to spending no more than 10% of the replacement cost of the structure on his repairs.

Several of the issues that were raised during the worksession are as follows:

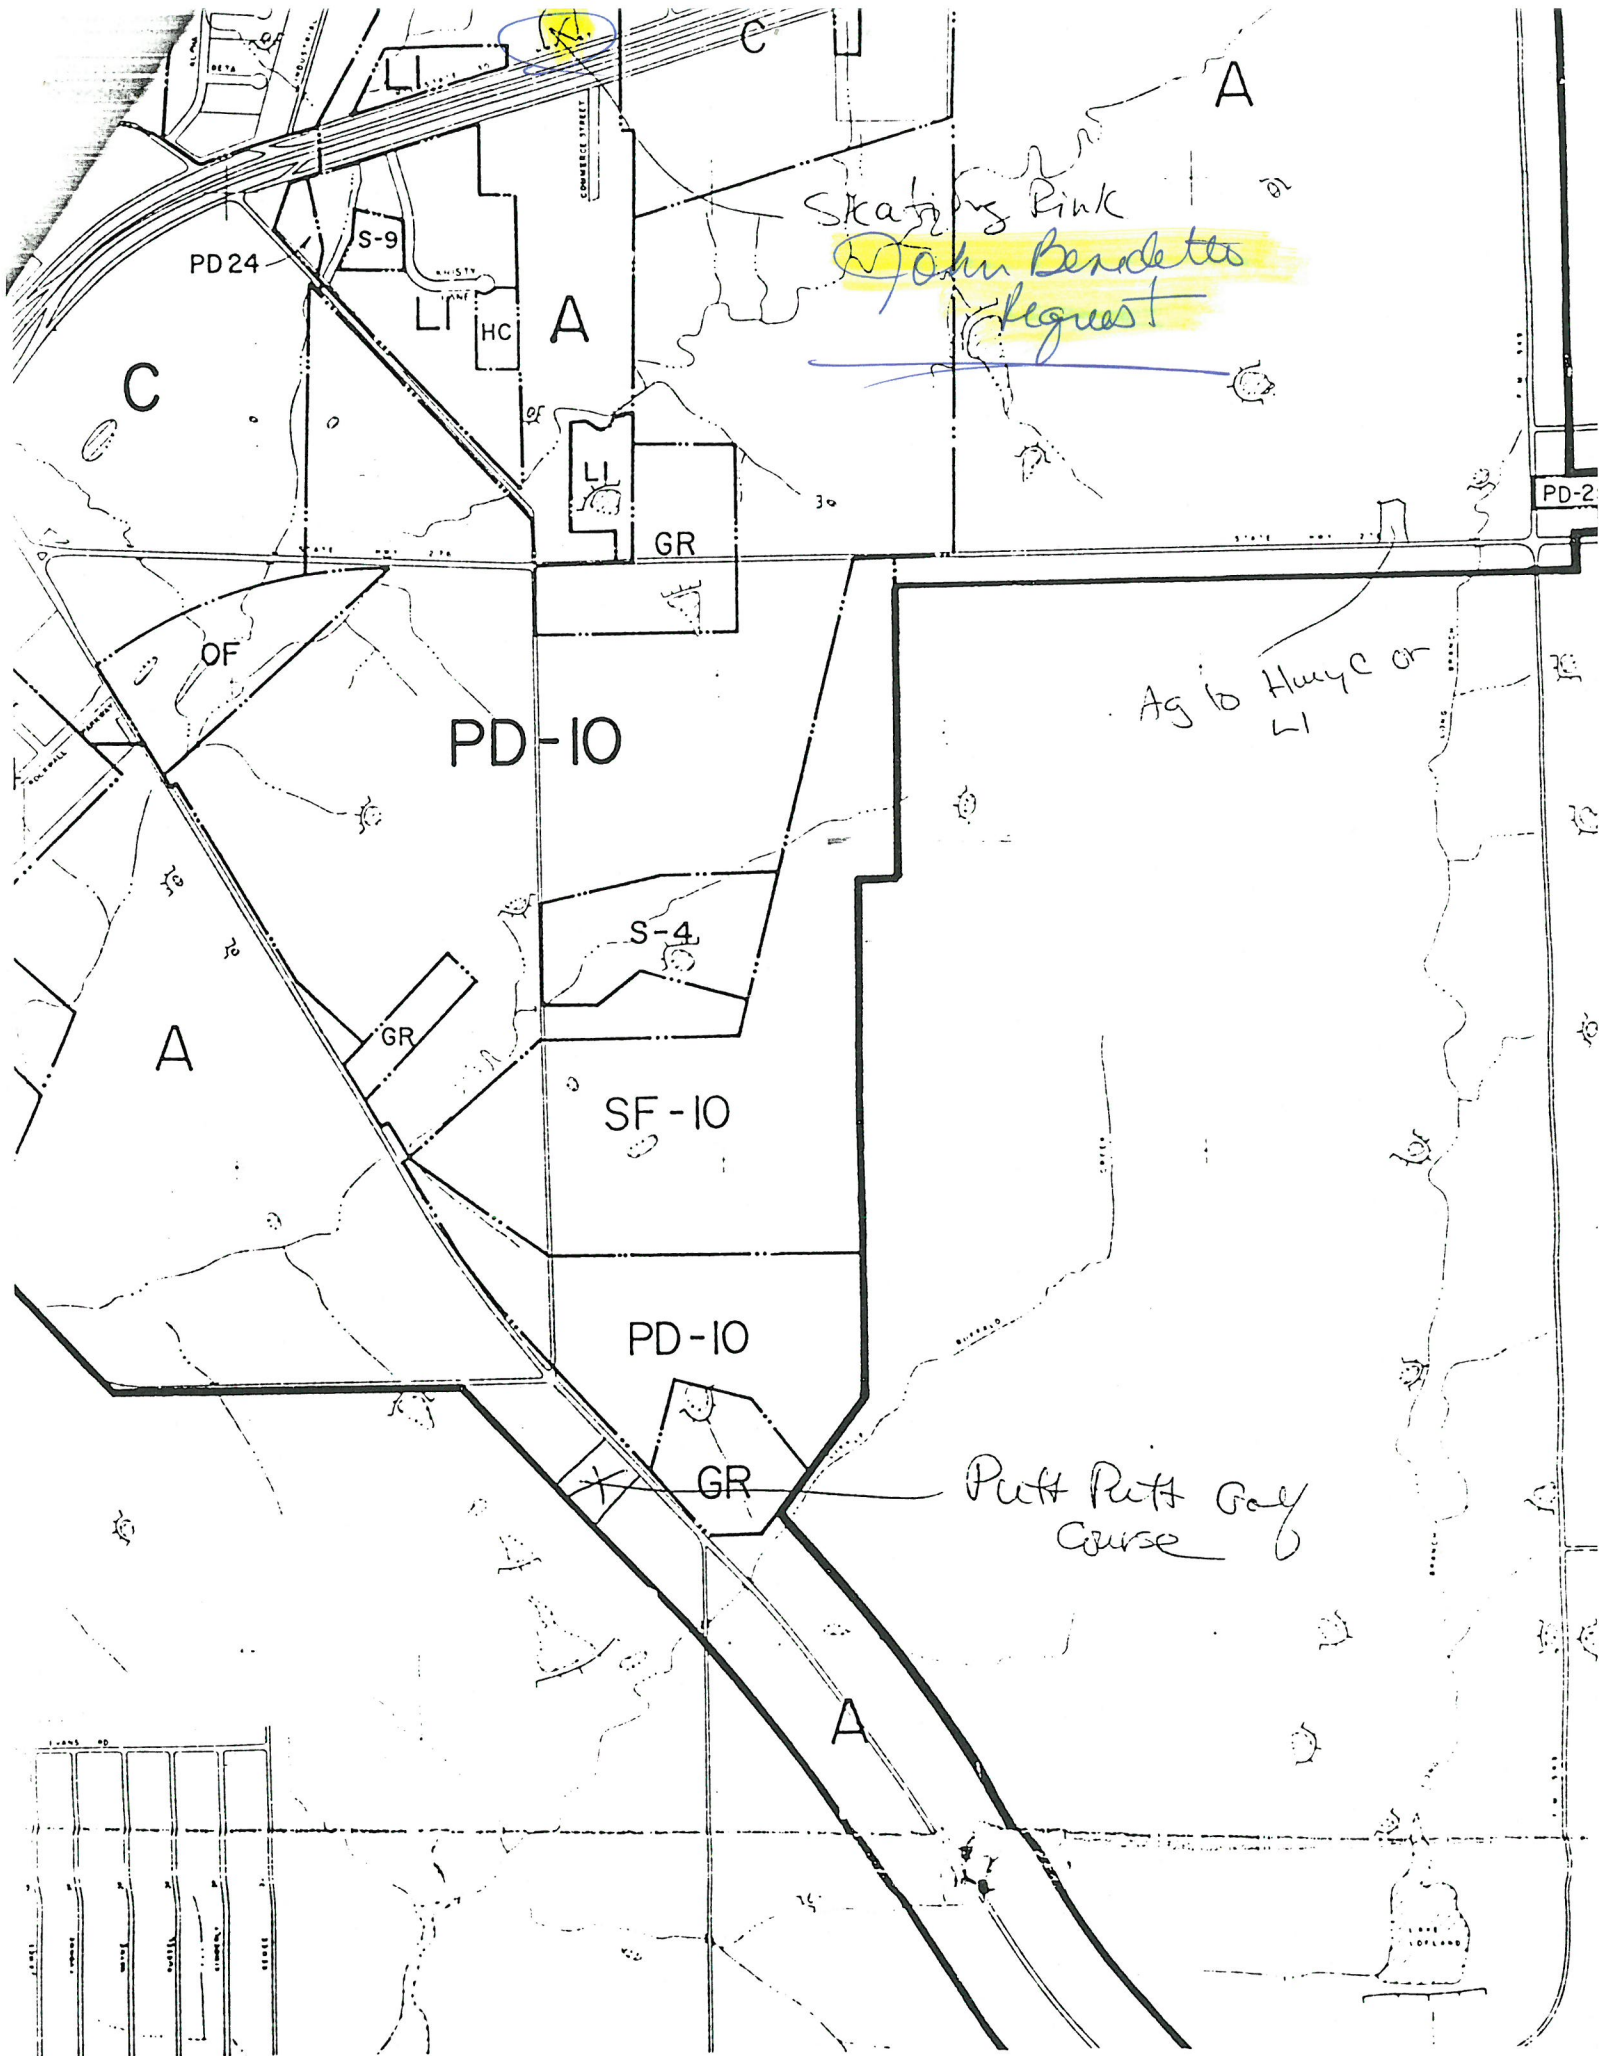

1. Mr. Benedetto indicated that they wanted to paint the exterior front of the building with bright colors, animals, balloons, etc., to appeal to children. The Commission indicated some concern as to the appearance. If this is approved the Commission could require conditions including a requirement that a specific design and color plan be submitted to the Commission for approval, or limit the area of the building that could be painted in such a manner.
2. There was some discussion about conditions on the exterior of the building including initially installing or phasing in of other exterior materials. Because it is an existing building stucco is the most feasible material to retrofit the building with if it is required. Mr. Benedetto does not want to have to stucco the building.
3. A site plan should be required to be submitted to the Commission and Council if additional buildings, expansions, or external site changes are proposed.
3. Conditions that were originally placed on the Electric Circus are as follows. You may want to consider these for this use as well:
 - a. Any change in the ownership or management must be approved by the Planning and Zoning Commission.
 - b. The facility will not operate between the hours of 12:00 A.M. and 8:00 A.M.
 - c. The permit will be reviewed by the Planning and Zoning Commission for compliance with all requirements within one year.
 - d. The owner and/or operator shall provide adequate security and adult supervision to activities during business hours.
