Planning and Zoning Agenda

Agenda Date: August 13, 1992 **Agenda No:** III. B.

Agenda Item: P&Z 92-29-Z - Hold Public Hearing and Consider Approval of a Request from Gene Burks for a Change in Zoning from SF-10, Single Family Zoning Classification to Zero Lot Line Zoning Classification on a Tract of Land Located on SH-205 North of Darrin Drive and Approval of a Preliminary Plat

Item Generated By: Applicant, Gene Burks

Action Needed: Hold public hearing and take any necessary action.

Background Information:

We have received a request to change the zoning on the tract shown on the location map from SF-10 to Zero Lot Line. This site was considered several months ago for a change in zoning to General Retail for a Car Wash, which was denied. The zoning is for a portion of the property owned by Mr. Burks along SH-205. The site is in an area that will be in close proximity to the future extension of Alamo and it is not uncommon to have higher density residential or non residential adjacent to the intersection of a major thoroughfare. The comments pertaining to the preliminary plat are as follows:

1. Off street parking - this layout provides for 8 lots that will front on SH-205. We have concerns about visitor parking. We have considered several options to provide additional visitor parking. A frontage street could be constructed parallel to SH-205 and delete the alley. This would require front entry garages and Mr. Burks does not want this. The alley could be widened into the rear to accommodate a fire truck and a parking lane. There was also discussion about converting one lot into offstreet parking to be maintained by the lot owners. All of these options have been discussed with the applicant.
2. Drainage - a flood and drainage study should be required prior to consideration of a final plat to determine what drainage improvements might be necessary. It is possible that the drainage channel might need to be lined.
3. Alamo Extension - Prior to the submission of a final plat a determination of the alignment of Alamo needs to be determined. When we looked at this issue with the last request, Alamo would extend through lots 7 and 8.
4. The plat should be restricted to not permit any driveway cuts onto SH-205 other than the alley cuts needed.
