TOTAL ACREAGE 32.3 CURRENT ZONING PD (SF-10)

NO. OF LOTS/UNITS 93

SIGNED *Paul. R. ...* President

The Following Preliminary Plat Checklist is a summary of the requirements listed under Section VII of the Rockwall Subdivision Ordinance. Section VII should be reviewed and followed when preparing a Preliminary Plat. The following checklist is intended only as a reminder and a guide for those requirements. Use the space at the left to verify the completeness of the information you are submitting. If an item is not applicable to your plan, indicate by placing a check mark.

Provided or Shown            Not  
On Plat                    Applicable

I. General Information

MEMORANDUM

June 30, 1993

TO: Mayor and Councilmembers

FROM: Julie Couch, City Manager

RE: Preliminary Plat for Phase 5 of Northshore

The developer for Phase 5 of Northshore has submitted the preliminary plat. This phase will begin just north of the last completed phase of Northshore. The Park Board has reviewed the plat and their recommendations are attached. Generally, we see no problems with the layout as proposed. The Planning and Zoning Commission has recommended approval of the plat with the following conditions:

1. Concurrence with the Park Board's recommendations.
2. That the intersections of the proposed streets with Lakeshore Drive be reviewed by a traffic engineer prior to final plat to ensure that we do not create any sight distance problems with those proposed intersections.
3. That the existing transition from 4 lanes to 2 lanes in the northbound lanes also be reviewed to determine if any safety improvements could be made in that location.
4. Some members of the Commission stated concern for having only two lanes on Lakeshore in this area. The Commission has also recommended that the traffic engineer review the capacity of Lakeshore Drive in conjunction with this development.
5. That the flood analysis on the drainway be completed and the impact of that analysis considered prior to action on the final plat.

A copy of the plat is attached.

# MINUTES OF THE PARKS AND RECREATION BOARD SPECIAL WORK SESSION

June 15, 1993

5 The meeting was called to order by Chairman Ron Matney with the following members present: Richard Lock, Jan Self, Charles Capri, Nancy Goellner and Maurice Waggoner. Jack Horn was absent.

10 Rick Crowley, Director of Public Services, introduced Mr. Harold Evans, Engineer representing the developer of Northshore, Phase V and Mr. Robert Pope, representative for the developer. Mr. Evans and Mr. Pope discussed, in great detail, the preliminary plat of the development with board members.

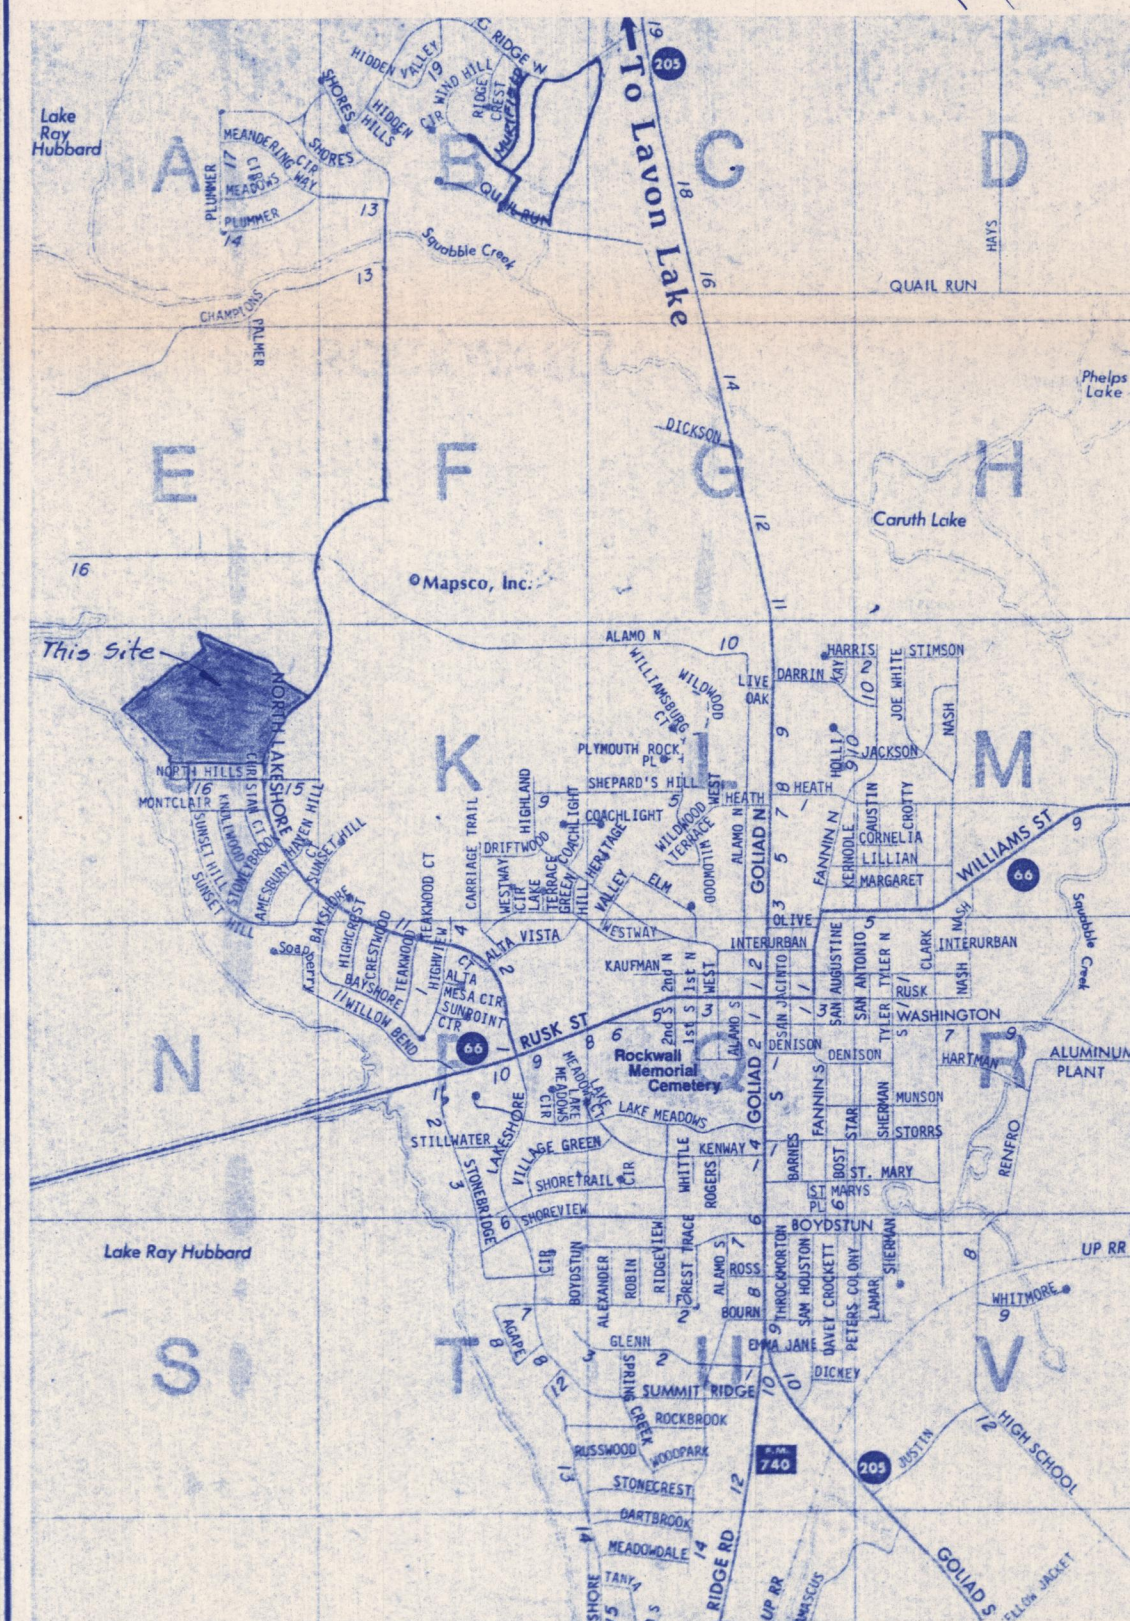

15 After much discussion Lock made a motion that the Park Board recommend:

- 15 \* that two pedestrian accessways and one maintenance vehicle accessway to Lake Ray Hubbard take line be provided in the development with one pedestrian accessway being provided in Phase I;
- 20 \* that the maintenance vehicle accessway be provided in a future phase as required by the City;
- 25 \* that the location of accessways be located and placed to correspond with location of 15' drainage easements;
- 30 \* that 4' concrete sidewalks be provided from the street to the Lake Ray Hubbard take line;
- 35 \* that the developer provide information as to the effect of a potential requirement for dedication of 4' sidewalk rights-of-way as opposed to 4' sidewalk easements to be considered at the time of final plat;
- 40 \* that the developer provide information at the time of final plat related to temporary park land dedication of approximately 1 acre for park use with Phase I to include a drawing indicating topographic information of the proposed temporary park;
- \* that a proposed temporary conveyance document be presented for board consideration at the time of final plat which will provide the details of permanent dedication of the one acre tract should the developer, for any reason, not proceed with future phases of the development.

Waggoner seconded the motion which was voted on and passed unanimously.

45 As there was no further business the meeting adjourned at 9:00 p.m.
