SUBJECT: Conditional Use Permit for Texas Star Express
DATE: December 4, 1993

Comments:

1. The original structure located on this site is in compliance with the material requirement of the zoning ordinance. However, extension of the structure in the rear will cause the conditions for requiring combustible construction materials to be effective. The applicant requests a Conditional Use Permit to continue with this proposal.
2. This request is constant with other property similarly zoned in this area.

SUBJECT: Rezoning to HC - Heavy Commercial for Texas Star Express
DATE: December 4, 1993

Comments:

1. This site is currently zoned as A -Agriculture. The applicant is requesting to rezone the property as HC - Heavy Commercial for the purpose of having outside storage on site. The site adjoins the city limits line of the City of Rockwall.
2. The applicant has provided additional parking and landscaping for the site in accordance with the requirements of the City of Rockwall.
3. The use as requested by the applicant is consistent with adjacent zoned property. In addition, the applicant owns the adjacent zoned property. We would recommend approval of this request.

**MEMORANDUM**

TO: Dub Douphrate, P.E.
FROM: Dan C. Boutwell, AICP
SUBJECT: Preliminary Plat for Texas Star Express
DATE: December 4, 1993

Comments:

1. The applicant is requesting approval of a single lot subdivision. The property is currently being used as a trucking facility. New construction in the form of a proposed addition to the existing structure will require a building permit to be issued for this site. Subdivision regulations require that, prior to issuing a building permit, all property be platted.
2. The property being platted include the existing facility and new facilities to be constructed. The applicant proposes to include the entire property being used for this purpose. This will require that the platting include a portion of land located in the county, of which Rockwall has the ETJ.
3. We would recommend approval of this preliminary plat.

MEMORANDUM
January 13, 1994

TO: Mayor and Councilmembers
FROM: Julie Couch, City Manager
RE: Recommendations of the Planning and Zoning Commission Regarding Planning and Zoning Items

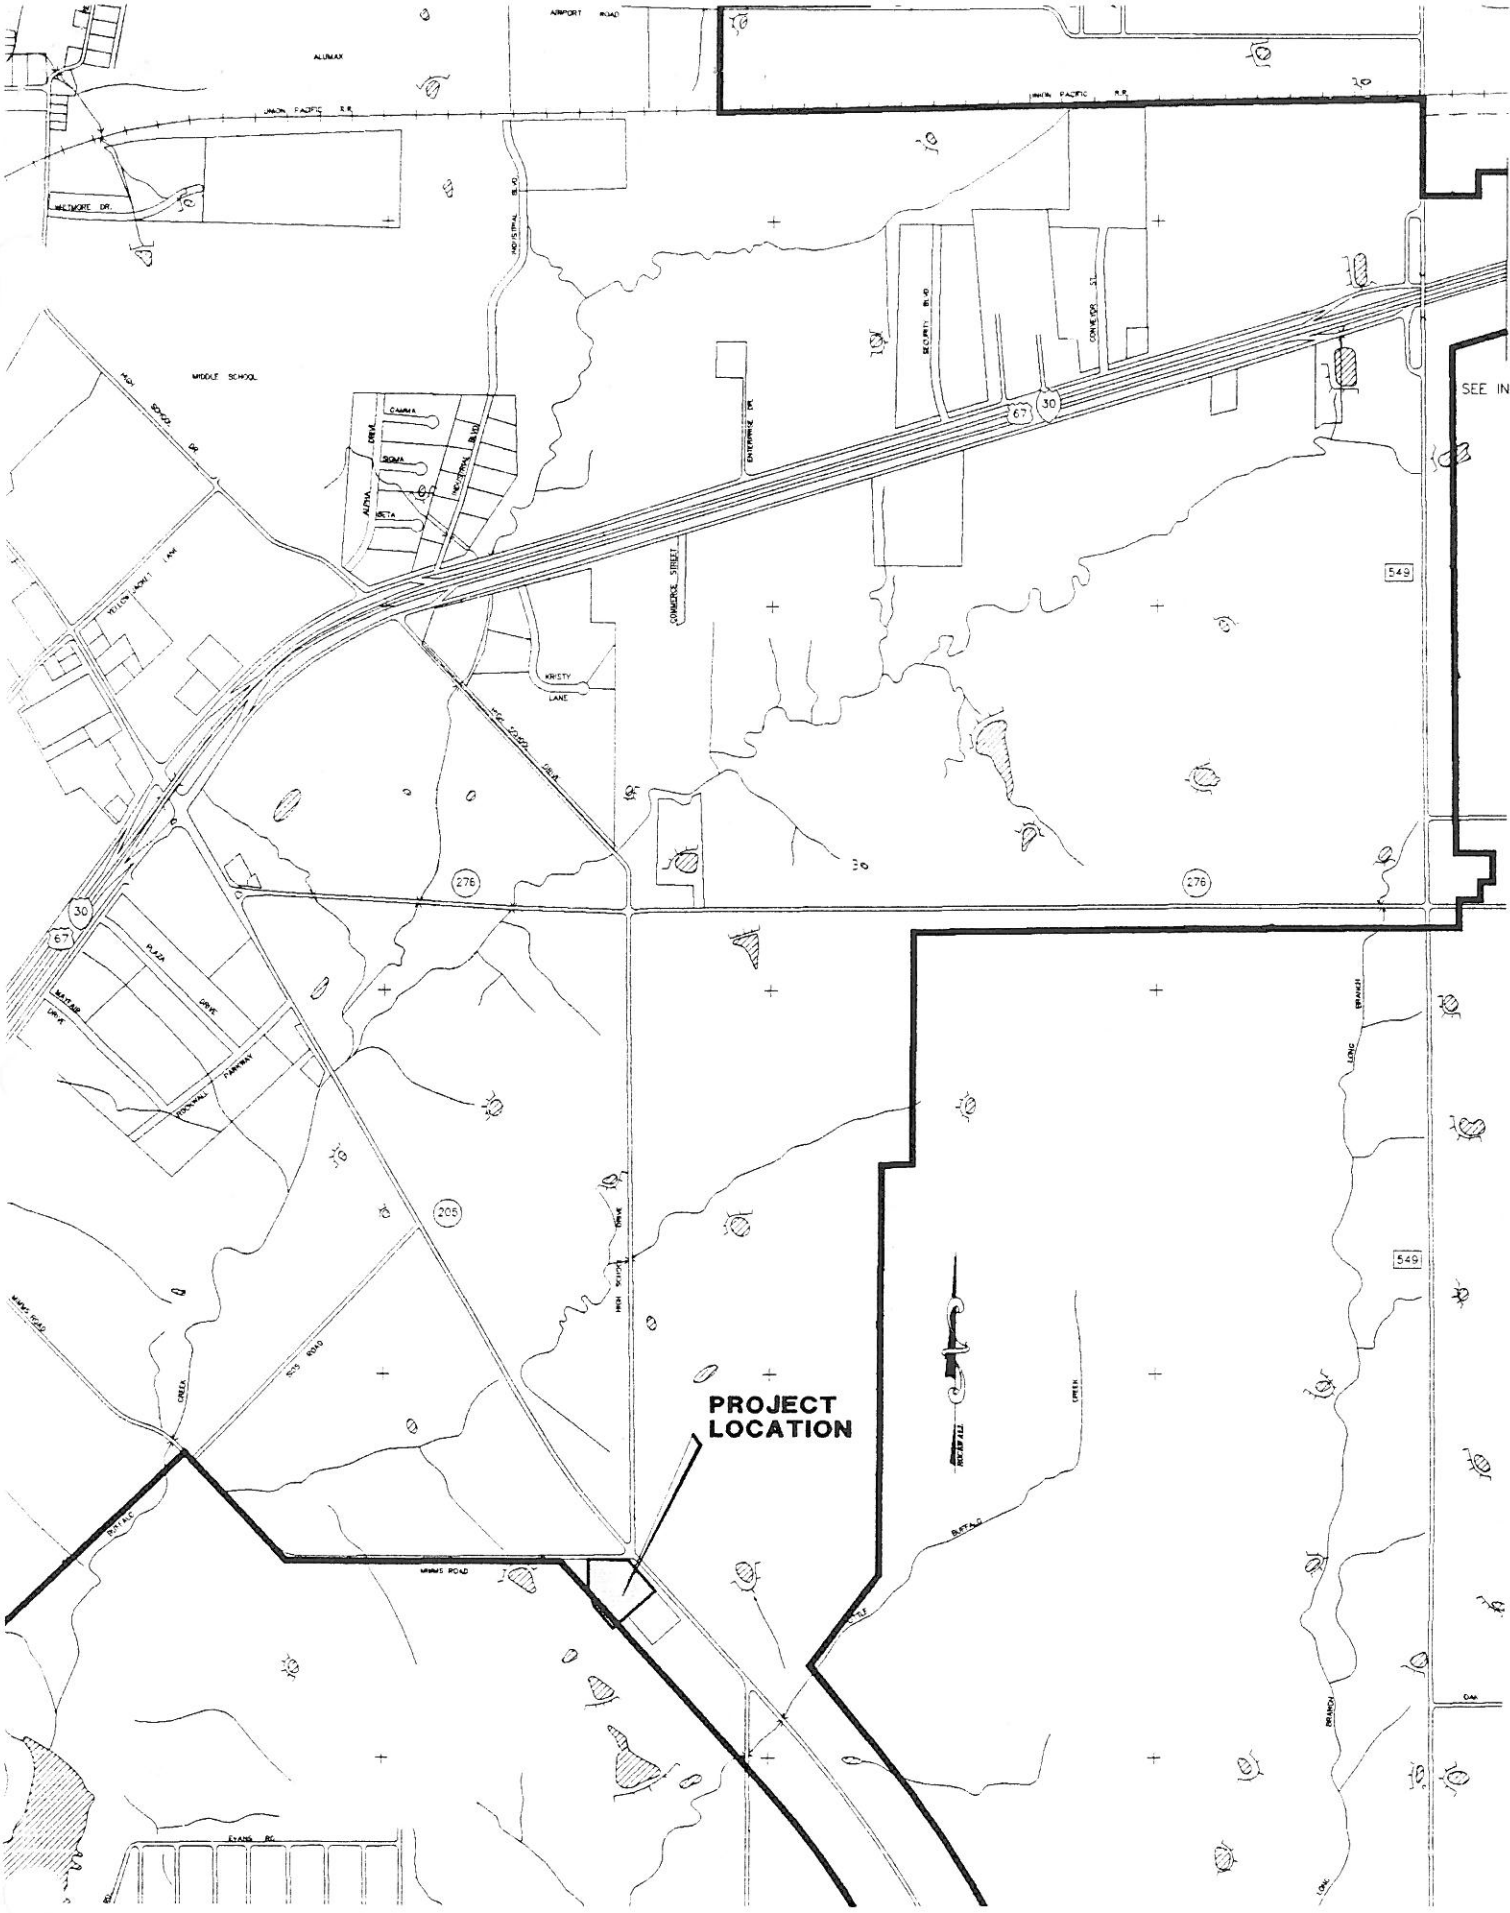

Following is a discussion of the recommendations of the Commission on the items that are to be considered on Monday night.

V. J.

When the preliminary plat on this tract was considered by the City Council last month, the applicant had requested a waiver to the street escrow requirements to reduce the required amount from 50% to 25% and to require that the escrow be paid at the time of construction. The action of the Council was to provide that the escrow be paid at the time of construction, but it was unclear whether it was the intention of the Council to reduce the required amount. There was discussion that it was not the intent of the Council to require the applicant to pay more than Mr. Helwig would be required to pay should the City improve Sids Road. Mr. Helwig was granted a full waiver to the escrow requirements. Should the City improve Sids Road Mr. Helwig would be responsible for no more than 25% of the cost under our current assessment policy.

Should the Council approve the reduction of the escrow requirement as well as deferring the collection until the road is improved a facilities agreement will be drafted incorporating these conditions.

The Commission has recommended approval of the plat with the condition that the City limit line be added to the plat.

90 from Multi-Family and General Retail uses to Single Family residential and approval of conditions on a portion of "PD-5" on property located north of Harris Heights Addition and east of SH-205.

95 Harold Evans, consulting engineer, and Rob Whittle, developer/landowner, appeared before Council to answer any questions. There being no one else to speak Mayor Williams closed the public hearing.

100 Welborn made a motion to amend "PD-5" on the proposed 38.3 acre tract to change the approved land uses on a portion of the tract from Multi-Family and General Retail to Single Family with a minimum lot size of 7,500 sq.ft. and to approve the preliminary plat and proposed park plan concept noting that a facilities agreement for the park dedication will be drafted and that hearings will be held to amend the thoroughfare plan at the time the final plat is submitted. 105 **P&Z 93-45-CUP/Z Hold a Public Hearing and Consider Approval of an Ordinance Granting conditional Use Permit for a Structure not meeting structural materials requirement (1st reading) and a Change in Zoning Classification for a Tract of Land Located at 2890 S. Goliad (1st reading) and Approval of a Preliminary Plat**

110 Couch familiarized Council with the owner's intention to expand his facility on the existing property. Applicant sought an approval of the site plan and the preliminary plat for the existing facility in conjunction with a conditional use permit allowing the existing office building which is located on that lot be increased in size from 5,000 sq.ft. to 7,600 sq.ft. In addition, the applicant wished to zone a portion of the adjacent lot to the south of the property as Heavy Commercial to allow for storage of trucks/equipment. Couch commented on the policy of requiring escrow from the developer at the time of preliminary platting and indicated that the applicant wished to have that requirement waived.

Mayor Williams opened the public hearing.

120 Gary Amerson, President of Texas Star Express, 2890 S. Goliad, summarized his request due to company's growth.

No one else appeared before Council. Mayor Williams closed the public hearing.

125 Following Council discussion regarding the escrow policy for roadway improvements and the waiver request, Welborn made a motion to approve the site plan and preliminary plat on the existing lot; to grant a conditional use permit for expansion of the existing building from 5,000 sq.ft. to 7,600 sq.ft.; and to approve a zoning change from Commercial and Agricultural on the property south of the existing site to Heavy Commercial, with the provision that the City and the owner enter into a facilities agreement to provide that the owner escrow funds for the improvement to Mims Rd. at the time the City is ready to construct the improvements. Todd White seconded the motion, which passed unanimously.
