APPLICATION FOR ZONING CHANGE

Case No. 94-2-2 Filing Fee \$ 762.70 Date 1/24/94

Applicant Los Prados Development Co. Phone (817) 261-3477

Mailing Address: 1901 Stadium Oaks
Arlington, Texas 76011

LEGAL DESCRIPTION OF PROPERTY SOUGHT TO BE REZONED: (If additional space is needed for description, the description may be put on a separate sheet and attached hereto.)

Attached - Exhibit B

I hereby request that the above described property be changed from its present zoning which is

MF-15 District Classification to

SF-7 District Classification for the following reasons: (attach separate sheet if necessary)

Market indicates a need for more single family development in the area. We plan to develop this tract into single family if re-zoning is successful.

There ~~(are)~~ (are not) deed restrictions pertaining to the intended use of the property.

2

Status of Applicant Owner _____ Tenant _____

Prospective Purchaser X

I have attached hereto as Exhibit "A" a plat showing the property which is the subject of this requested zoning change and have read the following concerning the importance of my submitting to the City a sufficient legal description.

Signed Donald Gentry

Note:

1

The legal description is used to publish notice of the required hearing and in the preparation of the final ordinance granting the zoning change. The description must be sufficient so as to allow a qualified surveyor to take the description and locate and mark off the tract on the ground. Each applicant should protect himself by having a surveyor or his attorney approve his legal description. Failure to do so by the applicant may result in delay in passage of the final ordinance or the ordinance being declared invalid at some later date because of an insufficient legal description.

2

If the applicant is someone other than the owner, written acknowledgement by the owner of the zoning request must also be submitted.

RE: Purchase and Sale Agreement dated January 12, 1994 ("Agreement") between Collin Equities, Inc. ("Seller") and Los Prados Development ("Los Prados") regarding that certain property known as the Rockwall property and located in the City of Rockwall, State of Texas ("the Property")

Dear Don:

This letter serves to provide the additional agreement between Seller and Los Prados with regard to Los Prados' desire to rezone the Property to accommodate their development plan. Seller hereby consents to the rezoning efforts of Los Prados and agrees to cooperate in any reasonable manner with Los Prados in those efforts. Los Prados shall not take or permit any rezoning or related actions which might have the effect of binding the Property, or Seller, to any change in the current zoning status, platting or other development action, until after the Closing Date or otherwise with Seller's prior written approval. Los Prados agrees, during the pendency of the Agreement, to promptly forward and deliver to Seller copies of all notices, correspondence and other items received or furnished by Los Prados in connection with, relating to, or affecting the rezoning of the Property. Los Prados shall pay and be solely responsible for all filing fees, application fees, and all other costs and expenses incurred in connection with the rezoning and Seller shall have no liability for same. Los Prados shall keep Seller fully apprised on the status of the rezoning efforts and hereby indemnifies and holds harmless Seller from any and all costs, expenses, liabilities and obligations relating to the rezoning efforts and from any and all damages or diminution in value to the Property caused by any such rezoning efforts by or on behalf of Los Prados.

Los Prados acknowledges and agrees that Seller has made no representations or warranties with respect to the rezoning efforts, and that Los Prados shall not take or permit any action in connection with the rezoning which requires, or might be deemed to be, a representation, warranty covenant, concession or other consideration or obligation of or payable or performable by Seller.

Re: Los Prados Zoning Request
61,2737 acres on Yellow Jacket Lane
PZ 94-2-Z

Dear Ms. LaRue:

I own 8.910 acres on Yellow Jacket having a common boundary and corner with the Los Prados property for which Los Prados has requested a change in zoning.

In reviewing the description contained in the Public Notice, I have detected a discrepancy in the location of our common corner on Yellow Jacket.

My deed and survey shows my corner to be 1161.61 feet from SH205. The Los Prados property corner is shown in the Public Notice to be 1045.4 feet from SH205. Thus, the Los Prados description encroaches my property by 116.21 feet (1161.61 - 1045.4 = 116.21).

This discrepancy should be corrected or resolved before any action is taken on this zoning request, otherwise the City would inadvertently rezone my property for which no re-zoning is sought.

I have asked Kirby Albright to present this problem to you on my behalf for resolution.

Very truly yours,

Robert F. Ashley

MEMORANDUM

TO: Dub Douphrate, P.E.
FROM: Dan C. Boutwell, AICP
SUBJECT: P&Z 94-2-Z (Los Prados)
DATE: February 7, 1994

The applicant is requesting approval of a change in zoning and is requesting a waiver of alleys as indicated on the submitted site plan. The property is currently zoned MF -Multi-family. The applicant proposes to change zoning to SF-7 Single family residential. In addition, because of the physical limitations of the site (drainage ways and arterial perimeter streets) the applicant has requested that alleys be waived for this site. We offer the following comments and recommendations:

Zoning

1. This request is not in compliance with the Comprehensive Land Use Plan. The Land Use Plan indicates a combination of office, retail, multi-family, and open space for this site. However, the current zoning also is not in total agreement with the Land Use Plan.
2. It appears that the original direction provided by the Land Use Plan, for this location, has changed somewhat. A school has been built to the south of the site and the proposed collector road that would cause the intersection at Ridge Road is not likely to occur.
3. Because of the changing development trends within this area and the apparent refinement in development philosophy for this area, it is our opinion that a single family residential development at this location would be appropriate.
4. In the event that the City were to support this zoning change, we would recommend that the City also amend the existing Land Use Plan to reflect accordingly.

Memorandum
February 7, 1994
94-2-Z
Page 2 of 2

Site Plan (Waiver of Alleys)

1. The applicant has indicated that because of the presence of significant drainage areas and because lots are proposed to back adjacent to Yellowjacket Lane, alleys located at these locations would not be practical. Since this will comprise a significant amount of the subdivision, the applicant feels it would be consistent and appropriate to waive the requirement of all alleys. There have been other subdivisions with similar design limitations where the requirement for alleys has been waived. We feel that it would be consistent with past actions to waive the requirement for alleys for this subdivision.

Reference: Planning and Zoning Commission Workshop March 31, 1994

Dear Dub:

Please let this letter serve as an official request to be placed on the March 31, 1994, P & Z Workshop agenda. The purpose is to explore the rezoning of the property located at the S.E. corner of F.M. Road 740 (Ridge Road) and F.M. Road 3097 (Horizon Road).

As you know, the property is currently governed by the PD-9 Ordinance and is designated mostly General Retail. We would like to rezone it to a single family use.

Attached are property surveys to help familiarize yourself with the property and distribute to the Commissioners. Should you need additional information or have any questions, do not hesitate to contact me.

MEMORANDUM

TO: Dub Douphrate, P.E.
FROM: Dan C. Boutwell, AICP
SUBJECT: P&Z 94-11-PP (Waterstone Estates)
DATE: June 7, 1994

The applicant is requesting approval of a preliminary plat. This plat is a 115 lot subdivision. The property was recently rezoned to SF-7 residential. The proposed lots are a typical 7,475 sq.ft. and no lot is less than 7,000 sq.ft. We offer the following comments and recommendations relative to this application:

Comments:

1. The applicant must provide assurance that Damascus Road will align properly with the existing roadway and right-of-way that current exists in developments to the northeast. These alignments or alternate alignments should be indicated on the preliminary plat.
2. The applicant should show the easement (and the dimensions of the easement) that will contain the drainage flume in Block A.
3. The applicant should remove any indication that fences will be permitted to cross the flume. In addition, the rebar extending from the bottom of these fences will not be permitted.
4. The preliminary and final plats must clearly indicate that fencing will not be permitted to encroach into any open drainage easements, this shall include specifically the rear easement line of the lots contained in Block A.
5. The street name "Rochelle" should be changed.

These comments and recommendations represent a thorough review of the application, but do not relieve the applicant or his agent from the responsibility of satisfying all the requirements and regulations of zoning, subdivision platting, and other development related ordinances of the City of Rockwall. If you have any questions or comments regarding our review of this application, please do not hesitate to contact us.

Planning and Zoning Agenda**

Agenda Date: February 10, 1994

Agenda Item: P&Z 94-2-Z - Hold Public Hearing and Consider Recommending Approval from Los Prados Development Company for a zoning change from Multifamily-15 to Single Family-7 for property located on the north side of Yellowjacket Lane, and east side of Union Pacific Railroad.

Item Presented By: Los Prados Development Co.

Action Needed: Hold Public Hearing and Consider recommending approval of a zoning change from Multifamily-15 to Single Family-7.

Background Information: The applicant is requesting a change of zoning from MF-15 to SF-7 and is requesting a waiver of alleys due to the physical limitations of the site. The request does not comply with the Comprehensive Land Use Plan. The Land Use Plan indicates a combination of office, retail, multifamily, and open space. The trends in development, however, have changed subsequent to the inception of the Land Use Plan. For example, the new high school south of Yellowjacket Lane was originally shown to be office and commercial on the Land Use Plan.

Recommendation: Staff recommends approval of the zoning change from MF-15 to SF-7. Staff also recommends waiving the alley requirements because of the physical limitations of this specific parcel of land.

Agenda Item: P&Z 94-11-PP Discuss and Consider Recommending Approval of a Request from Los Prados Development Co. for a Preliminary Plat for Property Located on the northside of Yellowjacket Lane and the eastside of Union Pacific Railroad

Item Presented By: Applicant, Los Prados Development Co.

Action Needed: Discuss and Consider Recommendations for Approval and Take Any Necessary Action

Background Information:

The applicant is requesting approval of a preliminary plat containing a total of 115 lots with a minimum square footage of 7,000 square feet. The applicant has revised the alignment of Damascus Road so that when the street is extended in the future it will remain within the designated right-of-way and not encroach onto Our Lady of the Lake Catholic Church property.

Recommendation: Staff recommends approval of the preliminary plat with the alternate layout provided the following conditions are met:

1. The applicant should show a 10' drainage easement that will contain the drainage flume in Block A.
2. The flume detail should be revised so that the fence does not encroach into the easement and the exposed rebar is removed from the flume.
3. The preliminary plat should show the location of the screening wall along Yellowjacket Lane.
4. The final plat should reflect the dedication of the flood plain area as designated parkland if it is the Park Board's recommendation and the Council's decision to accept the property.

MEMORANDUM

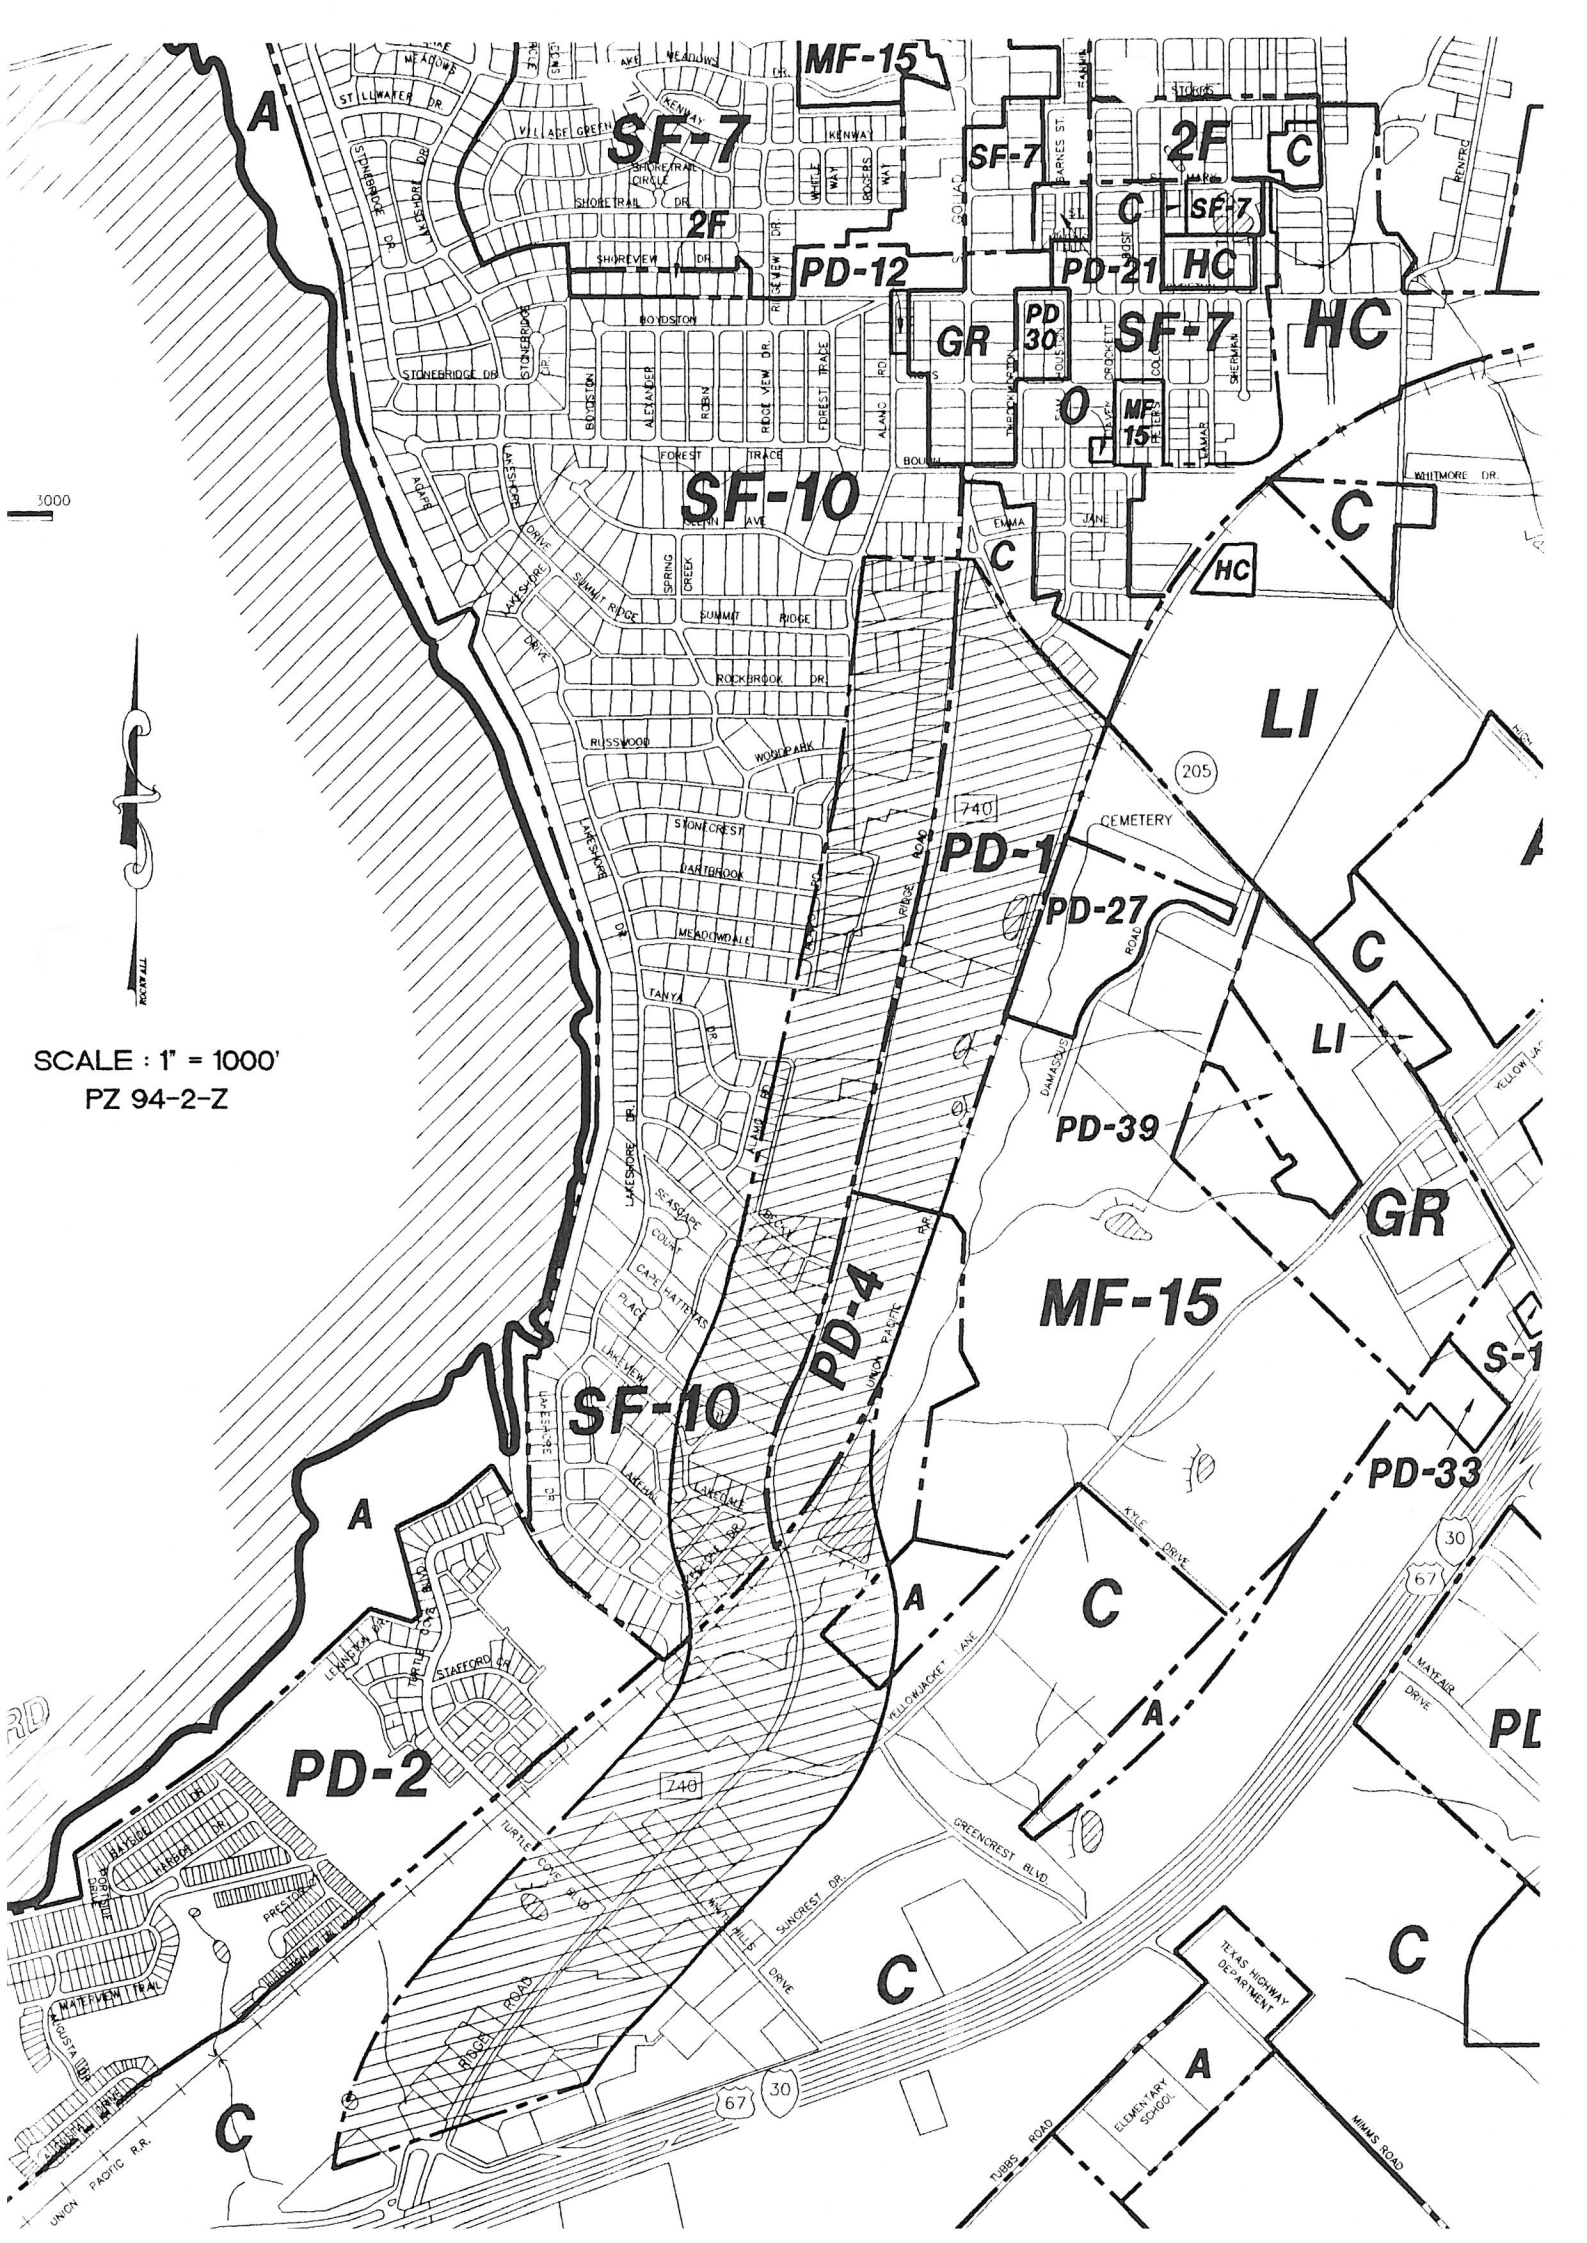

TO: Dub Douphrate, P.E.
FROM: Dan C. Boutwell, AICP
SUBJECT: P&Z 94-11-PP (Waterstone Estates)
DATE: June 7, 1994

The applicant is requesting approval of a preliminary plat. This plat is a 115 lot subdivision. The property was recently rezoned to SF-7 residential. The proposed lots are a typical 7,475 sq.ft. and no lot is less than 7,000 sq.ft. We offer the following comments and recommendations relative to this application:

Comments:

1. The applicant must provide assurance that Damascus Road will align properly with the existing roadway and right-of-way that current exists in developments to the northeast. These alignments or alternate alignments should be indicated on the preliminary plat.
2. The applicant should show the easement (and the dimensions of the easement) that will contain the drainage flume in Block A.
3. The applicant should remove any indication that fences will be permitted to cross the flume. In addition, the rebar extending from the bottom of these fences will not be permitted.
4. The preliminary and final plats must clearly indicate that fencing will not be permitted to encroach into any open drainage easements, this shall include specifically the rear easement line of the lots contained in Block A.
5. The street name "Rochelle" should be changed.

These comments and recommendations represent a thorough review of the application, but do not relieve the applicant or his agent from the responsibility of satisfying all the requirements and regulations of zoning, subdivision platting, and other development related ordinances of the City of Rockwall. If you have any questions or comments regarding our review of this application, please do not hesitate to contact us.
