Thank you for your time this morning. Per our conversation please see the attached paving plan for Pinnacle Way. This shows the center line for the road the same as it is in the final plat. This street has parallel parking on it so the road centerline is not exactly at the midpoint between the Trend Tower Lot line and the PD-32 right of way line.

Does the building setback line need to be on this plat as it was not required on the previously filed plat? If so, we can add it.

Please let me know.

Please see the attached update to the plat comments.

Does the building setback line need to be on this plat as it was not required on the previously filed plat? If so, we can add it.

Please let me know.

Thanks and have a great day.

Thank you Henry for confirming the comments on the Trend Tower plat. Is this item going to be on the consent agenda at P&Z and city council?
