RE: Darrell & Sharon McCallum  
Reconstruction of Metal Shed  
1 Soapberry Lane, Rockwall, TX 75087

We wish to reconstruct a metal shed that has been on our property since the original owners built it in 1976. It is in deteriorating condition with a lot of overgrown brush. We also need a place to house two boats that we have acquired that currently don't have storage and will have to be kept outside. The new building will provide a much cleaner, more complimentary improvement to the property.

We plan to keep the building on the same footprint it now occupies, taking it to a 30' x 40' building with a concrete foundation.

Thank you for your consideration.

Respectfully,

**TO:** Planning and Zoning Commission  
**DATE:** October 12, 2021  
**APPLICANT:** Darrell McCallum  
**CASE NUMBER:** Z2021-038; *Specific Use Permit for a Detached Garage at 1 Soapberry Lane*

---

### **SUMMARY**

Hold a public hearing to discuss and consider a request by Darrell McCallum for the approval of a Specific Use Permit (SUP) for a *Detached Garage* that exceeds the maximum permissible size for a detached garage on a 1.2080-acre parcel of land identified as Lot 6, Block A, Grady Rash Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family (SF-10) District, addressed as 1 Soapberry Lane, and take any action necessary.

### **BACKGROUND**

On June 20, 1959, the City Council approved *Ordinance No. 59-02* annexing the subject property in to the City of Rockwall. Based on the City's historic zoning maps, the subject property was zoned Single-Family 2 (SF-2) District as of January 3, 1972. Between January 3, 1972 and March 16, 1983, the subject property was rezoned from a Single-Family 2 (SF-2) District to a Single-Family 10 (SF-10) District. On August 24, 1984, the City Council approved a final plat [*i.e. Case No. PZ1984-027-01*] for Lots 1-5, Block A, Grady Rash Subdivision. On June 1, 2015, the City Council approved a replat [*i.e. Case No. P2015-014*] for Lots 6-8, Block A, Grady Rash Subdivision creating the subject property. According to the Rockwall Central Appraisal District (RCAD), there is a 3,372 SF single-family home situated on the subject property that was constructed in 1972. Additionally, there is a 720 SF storage building that was constructed in 2000.

### **PURPOSE**

The applicant -- *Darrell McCallum* -- is requesting the approval of a Specific Use Permit (SUP) to allow for the construction of a detached garage that exceeds the maximum allowable size as stipulated by Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC).

### **ADJACENT LAND USES AND ACCESS**

The subject property is addressed as 1 Soapberry Lane. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Northshore, Phase 2A Subdivision, which was platted on June 4, 1984 and consists of 80 single-family residential lots. Beyond this is the Northshore, Phase 2B Subdivision, which was platted on March 3, 1986 and consists of 76 single-family residential lots. Both of these subdivisions are zoned Single-Family 10 (SF-10) District.

South: Directly south of the subject property are three (3) single-family residential lots (*i.e. Lots 2, 3, & 4, Block A, Grady Rash Subdivision*) that are zoned Single-Family 10 (SF-10) District. Beyond this is the takeline for Lake Ray Hubbard followed by the corporate limits of the City of Rockwall.

East: Directly east of the subject property are two (2) single-family residential lots (*i.e. Lots 7 & 8, Block A, Grady Rash Subdivision*). Beyond these lots is the Northshore, Phase 1A Subdivision, which was platted on March 25, 1981 and consists of 93 single-family residential lots. Both of these subdivisions are zoned Single-Family 10 (SF-10) District.

West: Directly west of the subject property is the takeline for Lake Ray Hubbard followed by the corporate limits for the City of Rockwall.

## **CHARACTERISTICS OF THE REQUEST**

The applicant has submitted an application, survey, and building specifications proposing to construct a 30-foot by 40-foot (or 1,200 SF) detached garage on the subject property. The proposed structure will replace an existing metal 24-foot by 30-foot (or 720 SF) accessory building. The proposed building elevations indicate the façade of the accessory building will be metal, the structure will be less than 15-feet in height, and will incorporate a metal roof. At the Planning and Zoning Commission work session meeting the applicant indicated that he would be incorporating a stone wainscot along the northern and western boundaries of the structure. The accessory structure will be situated northwest of the primary structure and along the alleyway adjacent to the Northshore, Phase 2A Subdivision. The proposed detached garage will be situated more than 20-feet from the front façade of the primary structure and will be accessible from the existing concrete driveway via an extension of the driveway proposed by the applicant. The garage will incorporate two (2) garage bay doors allowing the storage of two (2) standard size vehicles.

## **CONFORMANCE WITH THE CITY'S CODES**

According to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Single-Family 10 (SF-10) District allows a total of two (2) accessory structures. For accessory buildings, the Single-Family 10 (SF-10) District allows one (1) accessory building at 144 SF and one (1) detached garage at 625 SF, or two (2) accessory building at 144 SF each. In addition, if a property has an existing accessory building greater than 144 SF, no additional accessory buildings or detached garages shall be permitted. Detached garages are limited to a maximum height of 15-feet. The setbacks for a detached garage in a Single-Family 10 (SF-10) District are 20-feet from the rear property line and 6-feet from the side yard property line. Detached garages are also required to have a minimum of 10-feet of separation from any other building or structure. This section of the code goes on to state, "(a)ccessory buildings and structures shall be architecturally compatible with the primary structure, and be situated behind the front façade of the primary structure ... [and] (a)ccessory buildings and structures not meeting the size requirements stipulated by this section shall require a Specific Use Permit (SUP)." In addition, the section states that detached garages "...(s)hall include one (1) garage bay door large enough to pull and park a standard size motor vehicle (*i.e. a vehicle that is a minimum of nine [9] feet by 18-feet*) inside the structure. In addition, a detached garage must be accessible from the front, rear or side yard by a standard width, concrete driveway that has a minimum length of 20-feet of driveway pavement." The code also requires a detached garage to be situated a minimum of 20-feet behind the front façade of the primary structure.

## **STAFF ANALYSIS**

In this case, the applicant's request generally conforms to the density, setback, and height requirements for a detached garage; however, the detached garage does not adhere to the maximum allowable size. Specifically, the detached garage will exceed the permitted 625 SF by 575 SF. If the applicant's Specific Use Permit (SUP) is approved, staff has included an operational condition in the Specific Use Permit (SUP) ordinance stating that no additional accessory buildings would be permitted on the subject property. This means that a total of one (1) accessory building/detached garage will be permitted on this property. Based on the proposed size and location of the detached garage, staff should point out that this structure will have very limited visibility from the adjacent properties. Staff should also point out that the proposed detached garage does not appear to be architecturally compatible with the primary structure; however, the applicant's proposal of including a stone wainscot will be an improvement over the existing metal accessory building. With this being said, the approval of a Specific Use Permit (SUP) request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

## **NOTIFICATIONS**

On September 23, 2021, staff mailed 30 notices to property owners and occupants within 500-feet of the subject property. There are no Homeowner's Associations (HOAs) or Neighborhood Organizations within the 1500-foot buffer participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received the following:

- (1) One (1) property owner notification from a property owner within the notification area (*i.e. within the 500-foot buffer*) that is opposed to the applicant's request.

The current residential building of 3,372 SF has an attached garage of 640 SF and a storage building of 720 SF which is proportionately adequate for a single-family residence.

Rezoning for an additional detached garage lends itself to create additional living space i.e., mother-in-law suite, thus creating a multifamily residence. Current zone and codes do not allow this.

Blocking views of the lake from the neighborhood street and/or alley is detrimental to the property values and overall look and feel of the area.

RE: Darrell & Sharon McCallum  
Reconstruction of Metal Shed  
1 Soapberry Lane, Rockwall, TX 75087

We wish to reconstruct a metal shed that has been on our property since the original owners built it in 1976. It is in deteriorating condition with a lot of overgrown brush. We also need a place to house two boats that we have acquired that currently don't have storage and will have to be kept outside. The new building will provide a much cleaner, more complimentary improvement to the property.

We plan to keep the building on the same footprint it now occupies, taking it to a 30' x 40' building with a concrete foundation.

Thank you for your consideration.

Respectfully,

### **BACKGROUND**

On June 20, 1959, the City Council approved *Ordinance No. 59-02* annexing the subject property in to the City of Rockwall. Based on the City's historic zoning maps, the subject property was zoned Single-Family 2 (SF-2) District as of January 3, 1972. Between January 3, 1972 and March 16, 1983, the subject property was rezoned from a Single-Family 2 (SF-2) District to a Single-Family 10 (SF-10) District. On August 24, 1984, the City Council approved a final plat [*i.e. Case No. PZ1984-027-01*] for Lots 1-5, Block A, Grady Rash Subdivision. On June 1, 2015, the City Council approved a replat [*i.e. Case No. P2015-014*] for Lots 6-8, Block A, Grady Rash Subdivision creating the subject property. According to the Rockwall Central Appraisal District (RCAD), there is a 3,372 SF single-family home situated on the subject property that was constructed in 1972. Additionally, there is a 720 SF storage building that was constructed in 2000.

### **PURPOSE**

The applicant -- *Darrell McCallum* -- is requesting the approval of a Specific Use Permit (SUP) to allow for the construction of a detached garage that exceeds the maximum allowable size as stipulated by Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC).

### **ADJACENT LAND USES AND ACCESS**

The subject property is addressed as 1 Soapberry Lane. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Northshore, Phase 2A Subdivision, which was platted on June 4, 1984 and consists of 80 single-family residential lots. Beyond this is the Northshore, Phase 2B Subdivision, which was platted on March 3, 1986 and consists of 76 single-family residential lots. Both of these subdivisions are zoned Single-Family 10 (SF-10) District.

South: Directly south of the subject property are three (3) single-family residential lots (*i.e. Lots 2, 3, & 4, Block A, Grady Rash Subdivision*) that are zoned Single-Family 10 (SF-10) District. Beyond this is the takeline for Lake Ray Hubbard followed by the corporate limits of the City of Rockwall.

East: Directly east of the subject property are two (2) single-family residential lots (*i.e. Lots 7 & 8, Block A, Grady Rash Subdivision*). Beyond these lots is the Northshore, Phase 1A Subdivision, which was platted on March 25, 1981 and consists of 93 single-family residential lots. Both of these subdivisions are zoned Single-Family 10 (SF-10) District.

West: Directly west of the subject property is the takeline for Lake Ray Hubbard followed by the corporate limits for the City of Rockwall.

## **CHARACTERISTICS OF THE REQUEST**

The applicant has submitted an application, survey, and building specifications proposing to construct a 30-foot by 40-foot (or 1,200 SF) detached garage on the subject property. The proposed structure will replace an existing metal 24-foot by 30-foot (or 720 SF) accessory building. The proposed building elevations indicate the façade of the accessory building will be metal, the structure will be less than 15-feet in height, and will incorporate a metal roof. At the Planning and Zoning Commission work session meeting the applicant indicated that he would be incorporating a stone wainscot along the northern and western boundaries of the structure. The accessory structure will be situated northwest of the primary structure and along the alleyway adjacent to the Northshore, Phase 2A Subdivision. The proposed detached garage will be situated more than 20-feet from the front façade of the primary structure and will be accessible from the existing concrete driveway via an extension of the driveway proposed by the applicant. The garage will incorporate two (2) garage bay doors allowing the storage of two (2) standard size vehicles.

## **CONFORMANCE WITH THE CITY'S CODES**

According to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Single-Family 10 (SF-10) District allows a total of two (2) accessory structures. For accessory buildings, the Single-Family 10 (SF-10) District allows one (1) accessory building at 144 SF and one (1) detached garage at 625 SF, or two (2) accessory building at 144 SF each. In addition, if a property has an existing accessory building greater than 144 SF, no additional accessory buildings or detached garages shall be permitted. Detached garages are limited to a maximum height of 15-feet. The setbacks for a detached garage in a Single-Family 10 (SF-10) District are 20-feet from the rear property line and 6-feet from the side yard property line. Detached garages are also required to have a minimum of 10-feet of separation from any other building or structure. This section of the code goes on to state, "(a)ccessory buildings and structures shall be architecturally compatible with the primary structure, and be situated behind the front façade of the primary structure ... [and] (a)ccessory buildings and structures not meeting the size requirements stipulated by this section shall require a Specific Use Permit (SUP)." In addition, the section states that detached garages "...(s)hall include one (1) garage bay door large enough to pull and park a standard size motor vehicle (*i.e. a vehicle that is a minimum of nine [9] feet by 18-feet*) inside the structure. In addition, a detached garage must be accessible from the front, rear or side yard by a standard width, concrete driveway that has a minimum length of 20-feet of driveway pavement." The code also requires a detached garage to be situated a minimum of 20-feet behind the front façade of the primary structure.

## **STAFF ANALYSIS**

In this case, the applicant's request generally conforms to the density, setback, and height requirements for a detached garage; however, the detached garage does not adhere to the maximum allowable size. Specifically, the detached garage will exceed the permitted 625 SF by 575 SF. If the applicant's Specific Use Permit (SUP) is approved, staff has included an operational condition in the Specific Use Permit (SUP) ordinance stating that no additional accessory buildings would be permitted on the subject property. This means that a total of one (1) accessory building/detached garage will be permitted on this property. Based on the proposed size and location of the detached garage, staff should point out that this structure will have very limited visibility from the adjacent properties. Staff should also point out that the proposed detached garage does not appear to be architecturally compatible with the primary structure; however, the applicant's proposal of including a stone wainscot will be an improvement over the existing metal accessory building. With this being said, the approval of a Specific Use Permit (SUP) request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

## **NOTIFICATIONS**

On September 23, 2021, staff mailed 30 notices to property owners and occupants within 500-feet of the subject property. There are no Homeowner's Associations (HOAs) or Neighborhood Organizations within the 1500-foot buffer participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received the following:

- (1) One (1) property owner notification from a property owner within the notification area (*i.e. within the 500-foot buffer*) that is opposed to the applicant's request.
- (2) Two (2) property owner notifications from a property owner within the notification area (*i.e. within the 500-foot buffer*) that is in favor of the applicant's request.

### **CONDITIONS OF APPROVAL**

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) for a detached garage, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
  - a) The *Detached Garage* shall generally conform to the concept plan and the conceptual building elevations depicted in *Exhibits 'B' & 'C'* of the ordinance.
  - b) The *Detached Garage* shall not exceed a maximum size of 1,200 SF.
  - c) The *Detached Garage* shall not exceed a maximum height of 15-feet.
  - d) The subject property shall be limited to one (1) *Detached Garage*, and no additional accessory buildings shall be constructed on the subject property.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

### **PLANNING AND ZONING COMMISSION**

On October 12, 2021 the Planning and Zoning Commission approved a motion to approve the Specific Use Permit (SUP) with the conditions of approval by a vote of 6-0, with Commissioner Moeller absent.

The current residential building of 3,372 SF has an attached garage of 640 SF and a storage building of 720 SF which is proportionately adequate for a single-family residence.

Rezoning for an additional detached garage lends itself to create additional living space i.e., mother-in-law suite, thus creating a multifamily residence. Current zone and codes do not allow this.

Blocking views of the lake from the neighborhood street and/or alley is detrimental to the property values and overall look and feel of the area.

RE: Darrell & Sharon McCallum  
Reconstruction of Metal Shed  
1 Soapberry Lane, Rockwall, TX 75087

We wish to reconstruct a metal shed that has been on our property since the original owners built it in 1976. It is in deteriorating condition with a lot of overgrown brush. We also need a place to house two boats that we have acquired that currently don't have storage and will have to be kept outside. The new building will provide a much cleaner, more complimentary improvement to the property.

We plan to keep the building on the same footprint it now occupies, taking it to a 30' x 40' building with a concrete foundation.

Thank you for your consideration.

Respectfully,
