## MEMORANDUM

---

**TO:** Rick Crowley – City Manager  
**FROM:** Brad Griggs – Assistant City Manager  
**DATE:** October 14, 2015  
**SUBJECT:** Proposed Recommendation to P & Z regarding PD-75

---

Councilmember White has submitted an agenda item regarding a potential amendment to PD-75 concerning the “Consideration of Special Request” allowed by the ordinance for properties within the Lake Rockwall Estates subdivision. When the Lake Rockwall Estates area was annexed, a Planned Development district was created after considerable public input. The PD language is based on Single Family detached zoning as SF-7. The public input records clearly demonstrate that the residents had very little, if any interest in any form of MF zoning, single family attached or similar land uses.

When the PD ordinance was passed, there was a section in the zoning that reads as follows:

***C. Consideration of Special Request***

*The City Council may consider special requests in the Lake Rockwall Planned Development District in Areas 1 and 2. Such requests may include, but not necessarily be limited to, the use of building materials not otherwise allowed, authorization of specific land uses not otherwise allowed, or other requests submitted for consideration.*

*Upon receipt of such special requests, the Planning and Zoning Commission shall review the same and forward its recommendation to the City Council for consideration. The City Council may approve special requests and any such approval shall preempt any other underlying zoning restrictions in the Zoning Ordinance. Such special requests may be denied by the City Council by passage of a motion to deny.*

Councilmember White desires to remove the section so that no other land uses can be permitted other than what was intended with the underlying zoning, which is SF-7. If the recommendation is approved by the City Council, staff will prepare an ordinance and forward the recommendation to the Planning and Zoning Commission for public input and a recommendation back to the City Council. The Council would then conduct a public hearing and vote on the proposed changes.

## Exhibit "C" - PD-75 Development Standards Lake Rockwall Estates

### Additional Standards for Areas 1 and 2

#### A. Lake Rockwall Estates Fencing Requirements

All fences within (PD-75) Planned Development No. 75 District shall be required to meet all the regulations and requirements of Chapter 6, Article IX of the Rockwall Code of Ordinances with the following exceptions:

**1. Construction of fences in the required front yard.**

Fences constructed in the required front yard of residentially zoned property within (PD-75) Planned Development No. 75 District shall not require a special permit by the City Council, but shall meet all regulations and requirements of Chapter 6, Article IX of the City of Rockwall Code of Ordinances, and as they may be amended in the future . Exceptions to the height requirements for front yard fences shall be appealed to the City Council, but shall not require a public hearing.

**2. Construction of chain link fences in side and rear yards.**

All properties within Area 1 and 2 shall be permitted to construct a chain-link fence along the side and rear property lines, provided said fence complies with the maximum height and all other requirements of Chapter 6, Article IX of the City's Code of Ordinances.

#### B. Exterior Wall Materials

All buildings of 120-sf or more and over ten feet (10') tall shall have exterior walls constructed of masonry construction. Exterior walls for all buildings of 120-sf or more and over 10 feet tall, shall be constructed of at least eighty percent (80%) standard masonry construction, excluding windows and doors, unless the wall is on a porch, patio, courtyard, or breezeway, in which event, the wall may be of non-masonry construction. Hardy Plank or similar cementaceous material may be used for up to 50% of the masonry requirement. Buildings with less than 80% masonry materials or building exceeding the 50% Hardy Plank shall require a recommendation of the Planning and Zoning Commission and approval of the City Council.

Buildings less than 120-sf and under 10 feet in height may be constructed with non-masonry materials, or may be all metal with a baked-on pre-painted surface.

#### C. Consideration of Special Request

The City Council may consider special requests in the Lake Rockwall Planned Development District in Areas 1 and 2. Such requests may include, but not necessarily be limited to, the use of building materials not otherwise allowed, ~~authorization of specific land uses not otherwise allowed,~~ or other requests submitted for consideration.

Upon receipt of such special requests, the Planning and Zoning Commission shall review the same and forward its recommendation to the City Council for consideration. The City Council may approve special requests and any such approval shall preempt any other underlying zoning restrictions in the Zoning Ordinance. Such special requests may be denied by the City Council by passage of a motion to deny.
