The City of Rockwall makes no warranty, express or implied, including warranties of merchantability and fitness for a particular purpose. Use of the information is the sole responsibility of the user.

November 10, 2010

The purpose of this request is to have permission to enclose an existing shed approved and built in 2003.

It was originally permitted as an "RV Shed". We are requesting permission now to enclose the structure for security purposes for the storage of trailers, tractors, and other yard equipment.

Attached are pictures of the existing structure, and our plans are to enclose it between the existing brick columns with R9 metal panels, with doors on the front of the structure. Plans are to use non-glossy green panels.

Please contact Robert (Bob) Rash with any questions, or other needed information.
