### **CHARACTERISTICS OF THE PROJECT**

The applicant is proposing construct a 40-inch tall, white alternating picket fence along the south, west (*i.e. adjacent to Kernodle Street*) and north (*i.e. adjacent to Williams Street*) property line. Along the west property line, the applicant is proposing a small door to open up to their existing sidewalk that leads to the front entry of the home. Along the north property line, the applicant is proposing a small door to open up to the existing sidewalk that leads to the second entry for the home, as well as, a gate where the existing driveway is.

### **CONFORMANCE TO THE HISTORIC DISTRICT GUIDELINES & CITY'S CODES**

According to Subsection 06.03(F), *Certificate of Appropriateness (COA) for Alteration or New Construction*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), "(t)he provisions of this ordinance [*Historic Overlay (HOV) District*] shall apply only to those properties ... which meet the following criteria: [1] either be a designed historical landmark or be wholly or partially located within a designated historic district, and [2] either be a contributing property as defined by *Subsection B* or be located within 200-feet of a contributing property." In this case, the subject property meets all of the criteria for a property that would

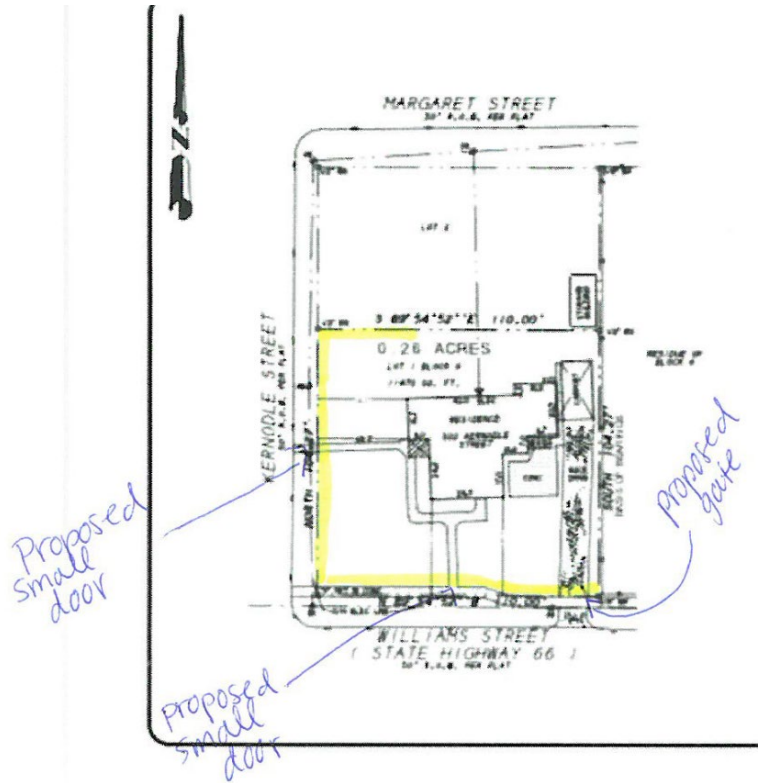

FIGURE 2: FENCE AND GATE LOCATIONS

require a Certificate of Appropriateness (COA). Specifically, it is situated wholly within the Old Town Rockwall (OTR) Historic District, and is designated as a *Medium Contributing Property*.

According to Section 07(H), *Building Standards*, of Appendix D, *Historic Preservation Guidelines*, of the Unified Development Code (UDC), "(a) fence in the front, side, or rear yards should meet all applicable city codes ... (a)ny fence that requires review must be architecturally compatible in height, materials, color, texture and design with the style and period of the main structure on the lot." In this case, the fence proposed by the applicant is a front yard fence and requires the approval of the Planning and Zoning Commission in accordance with the Subsection 08.03(D)(2) of Article 08, *Landscape and Fence Standards*, of the Unified Development Code (UDC). According to Subsection 08.03(C)(2), *Fence Placement*, of Article 08, *Landscape and Fence Standards*, of the Unified Development Code (UDC), "(n)o fence shall be constructed in the front yard of a residential property without being granted an exception from the Planning and Zoning Commission ..." This section goes on to state that front yard fences should be constructed out of wood or decorative metal, be 50% transparent, no taller than 42-inches in height, and *not* be opaque. The proposed fence will be a 40-inch tall, white alternating picket fence. The proposed fence will be situated in all portions of the front yard (*i.e. extending from the back yard towards Kernodle Street along the entire length of Kernodle and Williams Street -- see Figure 1*). According to Subsection 06.03(G)(5), *Standards of Approval*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), "...the Historic Preservation Advisory Board (HPAB) must approve the application for a Certificate of Appropriateness (COA) if it determines that ... the application will not adversely affect the character of the site; and the proposed work is consistent with the regulations contained in this section and proposed preservation criteria ..." The proposed design of the fence does *not* appear to impair the historical integrity of the subject property or negatively impact any of the adjacent properties. However, approval of a Certificate of Appropriateness (COA) is a discretionary decision for the Historic Preservation Advisory Board (HPAB). Should the Historic Preservation Advisory Board approve the COA, a recommendation would be forwarded to the Planning and Zoning Commission for the approval of an exception to allow the front yard fence.

## **NOTIFICATIONS**

On June 7, 2022, staff notified 25 property owners and occupants within 200-feet of the subject property. At the time this report was written, staff had not received any notices regarding the applicant's request.

## **CONDITIONS OF APPROVAL**

If the Historic Preservation Advisory Board (HPAB) chooses to approve the request for a Certificate of Appropriateness (COA), staff would propose the following conditions of approval:

- (1) The applicant will need to submit a request for special exception for a front yard fence to the Planning and Zoning Commission prior to the construction of the fence.
- (2) Any construction resulting from the approval of this request shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

The property currently does not have a fence and we are proposing the addition of a new 4 foot white wood picket fence to match the accent color in the home. The fence is to include a gate on the rock driveway located on the side of Williams Rd (see attached survey). On that side of the property there will also be a small door which leads to sidewalk. Front fence facing Kernodle will also include a small door. The fence will be similar to others in the Old Town Rockwall Historic District neighborhood. In addition, the fence will enhance the historic character to the property; it will also keep our three children safe. This past Monday we had an unwelcomed visitor, that trespassed and walked up to our property as we were moving in, we immediately contacted Rockwall police department which they did an outstanding job. The proposed addition will enhance the home throughout the entire property as well as needed security to my family. Thank you so much for your time.

Sincerely,
