New Paint Scheme for 218 E Rusk Street

We would like to make changes to the façade of 218 E Rusk Street as it currently appears dated and feels very 1970's. It is a newer building in a downtown that has buildings from the early 20th century. We would like to make updates that would give it a more classic and timeless feel and more in-keeping with the rest of the downtown buildings.

In the attached photos you will see our inspiration, what the building looks like now and a rendering of what we propose. The changes will apply to all three sides of the building. The details follow:

- Upper façade – Sherwin Williams Tricorn Black HGSW6258
- Stripe on upper façade – match awning color, Behr Upredictable Hue MQ2-58
- Goose neck lamps – Sherwin Williams Tricorn Black HGSW6258
- Fascia below awning - Sherwin Williams Tricorn Black HGSW6258
- Poles - Sherwin Williams Tricorn Black HGSW6258
- Awning – does not change
- Brick - does not change

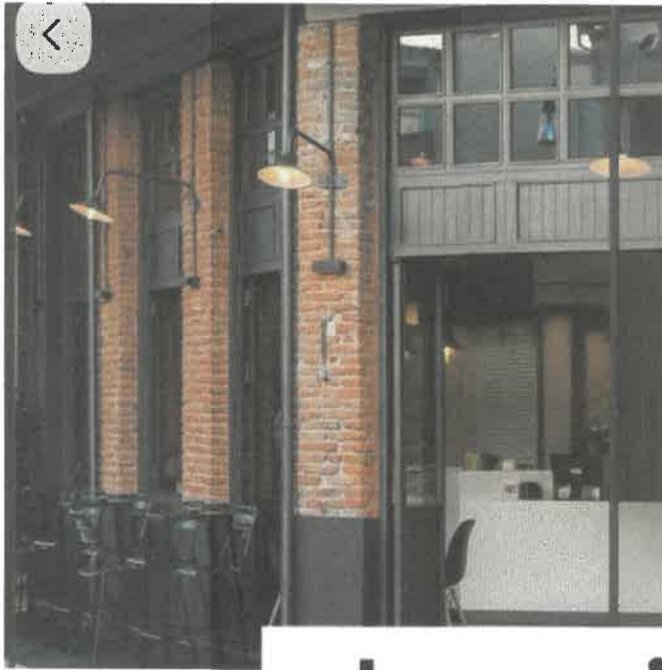

The stripe on the upper façade will tie it in with the awning. The black upper façade is balanced by the dark (black) windows. The fascia being black provides contrast to the awning and black poles visually tie in to the whole scheme.

PROPOSED

The upper facade, goose neck lights, fascia below the awning and posts will all be black. The red brick and taupe awning will stay the same.
