PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Historic Preservation Advisory Board
DATE: September 19, 2019
APPLICANT: Rob and Christie Gates
CASE NUMBER: H2019-016; *Small Neighborhood Matching Grant for 104 South Clark Street*

SUMMARY

Hold a public hearing to discuss and consider a request by Rob and Christie Gates for the approval of a *Small Neighborhood Matching Grant* for the replacement of a roof on an accessory structure that is situated on a *High-Contributing* property being a 1.503-acre parcel of land, identified as Block 98D, B F Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned for Single-Family 7 (SF-7) District land uses, situated within the Old Town Rockwall (OTR) Historic District, addressed as 104 South Clark Street, and take any action necessary.

BACKGROUND

The accessory structure is a *Non-Contributing* building that is located south of the primary structure on the subject property, which is designated as a *High Contributing* property, and is addressed as 104 S. Clark Street. According to the *2017 Historic Resource Survey* the primary structure was constructed circa 1910 and is considered to be significant due to the architectural style used on the structure. Rockwall Central Appraisal District (RCAD) records indicate that the accessory structure was constructed in 1980. The wood framed building is ~595 SF, or *17-feet by 35-feet*, and was constructed with a hipped roof. The accessory structure does not have any historical or architectural significance.

CONFORMANCE TO THE BUILDING PERMIT FEE WAIVER REQUIREMENTS

The applicants are requesting the approval of a *Small Neighborhood Matching Grant* in conjunction with a Certificate of Appropriateness [H2019-014] and a Building Permit Fee Waiver [H2019-015] for the purpose of replacing an existing a composition shingled roof on a *Non-Contributing* accessory structure with a metal [*i.e. galvalume R panel*] roof.

On March 21, 2016, the City Council approved *Resolution No. 16-09* establishing a *Small Neighborhood Matching Grants Program*, allowing matching grants to encourage small improvements and beautification projects for properties located within the Old Town Rockwall (OTR) Historic District or the Southside Residential Neighborhood Overlay (SRO) District. The program provides matching funds of up to 50% of the total project cost. Properties classified as *Non-Contributing* are eligible for a total grant of amount up to \$500.00. In order for a *High Contributing* property to be eligible for the *Small Neighborhood Matching Grants Program*, the proposed project must include improvements to the exterior of the property visible to the street (*e.g. landscaping, replacing windows, painting, etc.*). Based on the applicant's scope of work, and the estimated valuation of approximately \$5,000.00 for the entire project, the replacement of the roof would qualify for a matching grant of up to \$1,000.00; however, due to the location of the improvements and the *Non-Contributing* nature of the accessory structure, staff would suggest that the Historic Preservation Advisory Board (HPAB) treat the request the same as if it was being requested on a *Non-Contributing* property (*i.e. an amount up to \$500.00*). With this being said this remains a discretionary decision for the Historic Preservation Advisory Board (HPAB). As of the date of the memorandum, the Historic Preservation Advisory Board (HPAB) has approved two (2)

small matching grants for FY2019. Should this request be approved in full, the *Small Neighborhood Matching Grant* fund would be reduced to \$2,000.00.

CONDITIONS OF APPROVAL

If the Historic Preservation Advisory Board (HPAB) chooses to approve the request for a Building Permit Fee Waiver, staff would propose the following conditions of approval:

- (1) Upon completion of the project, the applicant shall be required to:
 - (a) Submit a sworn statement of completion acknowledging that the project has been completed based on the application submitted and as approved by the Historic Preservation Advisory Board (HPAB); and,
 - (b) Submit all receipts for the cost of the project for verification of the improvements.
- (2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Historic Preservation Advisory Board,

Currently we have a building on our property that was built in the 1970s to shelter an RV. The building is approximately 17'x 35' with a hip roof. Due to hail storms from last year, we need to replace the roof.

We have always wanted to make the building look more in keeping with our historic home that was built in 1904. Our plan is to raise the ridge line to a gable 12" x 12" pitch. Also, we want to replace the old shingles with galvalume R panel to match the roof of the existing porch cover of that building and to match the galvalume R panel roof on our barn.

The porch covering and the red color will remain the same.

The overhang and the soffit heights will stay consistent with the way they are currently.

Sincerely,

Rob and Christi Gates

104 N. Clark St.

Rockwall, Texas
