TO: Historic Preservation Advisory Board
DATE: July 20, 2023
APPLICANT: Alexander Barakat
CASE NUMBER: H2023-010; *Certificate of Appropriateness (COA) for 303 Williams Street*

SUMMARY

Hold a public hearing to discuss and consider a request by Alexander Barakat for the approval of a Certificate of Appropriateness (COA) for a fence on a *Medium Contributing Property* being a 0.2800-acre parcel of land identified as Lot C, Block 2, Farmer & Merchants Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, situated within the Old Town Rockwall (OTR) Historic District, addressed as 303 Williams Street, and take any action necessary.

BACKGROUND

The 1,923 SF single-family home -- situated on the subject property at 303 Williams Street -- was constructed circa 1950 utilizing the *Ranch* architectural style according to the 2017 *Historic Resource Survey*. The single-family home is classified as *Medium-Contributing Property* and is situated within the Old Town Rockwall (OTR) Historic District. A property that is assigned the *Medium Contributing* classification is defined as having most, but not all, of the historical character and integrity of a *Contributing Property* with some of this being lost through alterations to the home. The subject property was annexed prior to 1911 based on the April 1911 Sanborn Maps. According to the January 3, 1972 zoning map the subject property was zoned Single-Family 3 (SF-3) District. At some point between January 3, 1972 and May 16, 1983 the subject property was rezoned from a Single-Family 3 (SF-3) District to Single-Family 7 (SF-7) District. The property has remained zoned Single Family (SF-7) District since this date. On May 18, 2023, the Historic Preservation Advisory Board (HPAB) denied a request for a Certificate of Appropriateness (COA) [Case No. H2023-006] for the construction of a wrought-iron fence in the front yard of the subject property. On June 15, 2023, the Historic Preservation Advisory Board (HPAB) approved a waiver to the one (1) year time limitation on a denied application to allow the applicant the ability to resubmit a new request for Certificate of Appropriateness (COA).

FIGURE 1: SEPTEMBER 2022

PURPOSE

The applicant is requesting approval of a Certificate of Appropriateness (COA) for the purpose of removing and replacing an existing front-yard fence. The applicant has provided the following options: [Option #1] replacing the damaged fence with a four (4) foot, black, wrought-iron fence and painting it white or [Option #2] replacing the damaged fence with the original three (3) foot, three (3) board white fence. He advised that both options would be in the same location as the original fence.

ADJACENT LAND USES AND ACCESS

The subject property is located at 303 Williams Street. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a 0.28-acre parcel of land (*i.e. 302 E. Margaret Street*) that is developed with a single-family home that is designated as a *Medium-Contributing Property* on the 2017 *Historic Resource Survey*. This property is zoned Single-Family 7 (SF-7) District. Following this is Margaret Street, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the boundary of the Old Town Rockwall (OTR) Historic District followed by a 0.5760-acre parcel of land (*i.e. 703 Kernodle Street*) developed with a single-family home. This property is zoned Single-Family 7 (SF-7) District.

South: Directly south of the subject property is Williams Street, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is a 0.1140-acre parcel of land (*i.e. 304 Williams Street*) developed with a single-family home and a 0.1840-acre parcel of land (*i.e. 306 Williams Street*) developed with a single-family home. Both of these properties are designated as *Medium-Contributing Properties* on the 2017 *Historic Resource Survey* and are zoned Single-Family 7 (SF-7) District. Beyond this is a parcel of land (*i.e. 308 Fannin Street*) that is developed with a restaurant (*i.e. The Roundabout*). This property is classified as a *Non-Contributing Property* on the 2017 *Historic Resource Survey*, and is zoned Downtown (DT) District. Beyond this is the boundary of the Old Town Rockwall (OTR) Historic District.

East: Directly east of the subject property is a 0.7096-acre parcel of land (*i.e. 501 Kernodle Street*) developed with a single-family home that is designated as a *High-Contributing Property* on the 2017 *Historic Resource Survey*. Beyond this is Kernodle Street, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is a 0.2630-acre parcel of land (*i.e. 502 Kernodle Street*) developed with a single-family home that is designated as a *Medium-Contributing Property* on the 2017 *Historic Resource Survey*. In addition, there is also a 0.1600-acre parcel of land (*i.e. 506 Kernodle Street*) developed with a single-family home that is designated as a *Non-Contributing Property* on the 2017 *Historic Resource Survey*. Both of these properties are zoned Single-Family 7 (SF-7) District. Following this is a 0.3860-acre parcel of land (*i.e. 501 Austin Street*) developed with a single-family home that is designated as a *Non-Contributing Property* on the 2017 *Historic Resource Survey*. This property is zoned Single-Family 7 (SF-7) District.

West: Directly west of the subject property is a 0.2700-acre parcel of land (*i.e. 503 N. Fannin Street*) that is developed with a single-family home that is designated as a *Non-Contributing Property* on the 2017 *Historic Resource Survey*. Beyond this is a 1.65-acre vacant parcel of land (*i.e. Lot 1, Block A, Olive-Fannin Addition*) designated as a *Non-Contributing Property* on the 2017 *Historic Resource Survey*. Following this are three (3) parcels of land developed with two (2) *Medium-Contributing Properties* (*i.e. 602 and 504 N. Goliad Street*) and one (1) *Non-Contributing Property* (*i.e. 506 N. Goliad Street*). All of these properties are zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses. Beyond this is N. Goliad Street, which is identified as a M4U-M (*i.e. modified major collector, four (4) lane, undivided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

CHARACTERISTICS OF THE PROJECT

The property owner is requesting a Certificate of Appropriateness (COA) for the purpose of removing and replacing a damaged front yard fence. The applicant has provided the following options: [Option #1] replacing the damaged fence with a four (4) foot, black, wrought-iron fence and painting it white or [Option #2] replacing the damaged fence with the original three (3) foot, three (3) board white fence. The photos provided by the applicant indicate that the fence that was knocked down was a white, wooden fence that is estimated to be three (3) feet in height. Staff should note that the applicant commenced with replacing the fence with a four (4) foot, black wrought-iron fence prior to submitting or receiving a Certificate of Appropriateness (COA) or a building permit. This was referred to staff by the Neighborhood Improvement Services (NIS) Division of the City after a *Stop Work Order* was issued to the applicant.

CONFORMANCE TO THE HISTORIC DISTRICT GUIDELINES & CITY'S CODES

According to Subsection 06.03(F), *Certificate of Appropriateness (COA) for Alteration or New Construction*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), "(t)he provisions of this ordinance [*Historic Overlay (HOV) District*] shall apply only to those properties ... which meet the following criteria: [1] either be a designed historical landmark or be wholly or partially located within a designated historic district, and [2] either be a contributing property as defined by

Subsection B or be located within 200-feet of a contributing property.” In this case, the subject property meets all of the criteria for a property that would require a Certificate of Appropriateness (COA). Specifically, it is situated wholly within the Old Town Rockwall (OTR) Historic District, and is designated as a *Medium-Contributing Property* on the 2017 Historic Resource Survey.

In reviewing the applicant’s request against Section 07, *Building Standards*, of Appendix D, *Historic Preservation Guidelines*, of the Unified Development Code (UDC), front yard fences are subject to the following: “(H) Fences. A fence in the front, side, or rear yards should meet all applicable city codes. Most fences require only a fence permit; however, a fence requiring a building permit will also be reviewed and approved by the board [*Historic Preservation Advisory Board*]. Any fence that requires review must be architecturally compatible in height, materials, color, texture and design with the style and period of the main structure on the lot.” In this case, staff reviewed the surrounding properties and found that there is only one (1) other house on Williams Street with a front yard fence, and that fence is more characteristic of *Option #2*; however, staff should note that there are a couple of wrought-iron fences that are not front yard fences that are visible from the right-of-way of Williams Street. This would appear to make *Option #1* of the applicant’s request less consistent with the neighboring historic buildings. With this being said, staff should point out that wrought iron fences are not an atypical style for the period of the existing historic home. In addition, Subsection 8.03(D)(2), *Fences in the Front Yard*, of Article 08, *Fence Standards*, of the Unified Development Code (UDC) states “(n)o fence shall be constructed in the front yard of a residential property without being granted an exception from the Planning and Zoning Commission ... the Planning and Zoning Commission may authorize the issuance of an exception for the construction of a front yard fence subject to the following provisions: ... (a) Wood Fences. Wood fences that are 50% transparent... shall not exceed 42-inches in height (b) Wrought Iron or Decorative Metal Fences. Wrought iron or decorative metal fences that are 50% transparent ... shall not exceed 48-inches in height ... In considering a front yard fence, the Planning and Zoning Commission may require applicants to provide additional information, plans, drawings, and/or other information concerning the proposed front yard fence.” This means that if the HPAB approves the Certificate of Appropriateness (COA) for the look of the fence, a recommendation for approval will be sent to the Planning and Zoning Commission concerning the proposed front yard fence. Staff should note that both options of the applicant’s request appear to be in conformance with all of the Unified Development Code’s (UDC’s) requirements for a front yard fence; however, as stated above *Option #2* does appear to better match the surrounding area.

According to Subsection 06.03(G)(5), *Standards of Approval*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), “...the Historic Preservation Advisory Board (HPAB) must approve the application for a Certificate of Appropriateness (COA) if it determines that ... the application will not adversely affect the character of the site; and the proposed work is consistent with the regulations contained in this section and proposed preservation criteria ...” In this case, the Historic Preservation Advisory Board (HPAB) is being asked to look at the two (2) options provided by the applicant, and decide which option -- *if either* -- is the most appropriate for the subject property. Staff should note, regardless of the identified option the applicant’s scope of work (*i.e. removing and replacing the fence*) appears to generally be in conformance with the guidelines and requirements contained in the Unified Development Code (UDC), and the proposed scope of work does not appear to impair the historical integrity of the subject property nor does it appear to have a negative impact on any of the adjacent properties. Requests for a Certificate of Appropriateness (COA) are discretionary decisions for the Historic Preservation Advisory Board (HPAB).

NOTIFICATIONS

On July 11, 2023, staff mailed 22 property owner notifications to property owners and occupants within 200-feet of the subject property. At the time this report was drafted, staff had not received any notices returned regarding the applicant’s request.

CONDITIONS OF APPROVAL

If the Historic Preservation Advisory Board (HPAB) chooses to approve the request for a Certificate of Appropriateness (COA), staff would propose the following conditions of approval:

- (1) Any construction resulting from the approval of this request shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

SUBJECT: H2023-010; *Certificate of Appropriateness (COA) for 303 Williams Street*

Mr. Barakat:

This letter serves to notify you that the above referenced case that you submitted for consideration by the City of Rockwall was approved by the Historic Preservation Advisory Board (HPAB) on July 11, 2023. The following is a record of all recommendations, voting records and conditions of approval:

Staff Recommendations

Staff made the following recommendations concerning the applicant's request:

- (1) The applicant shall be required to receive the necessary building permit(s) prior to any construction on the subject property.
- (2) Any construction resulting from the approval of this request shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Historic Preservation Advisory Board

On July 20, 2023, the Historic Preservation Advisory Board (HPAB) approved a motion to approve the Certificate of Appropriateness with a vote of 4-0, with Board Members Freed and McNeely absent.

Should you have any questions or concerns regarding your case, please feel free to contact me a (972) 772-6438.

Sincerely,

A handwritten signature in blue ink, appearing to read 'AG', is placed above the typed name.

Angelica Guevara; *Planning Technician*
