Project Scope: Replacement of existing detached garage structure with 600 square foot metal garage building on slab. Due to the poor condition of the garage and roof, which has been deemed uninsurable, the current garage structure will be demolished along with a damaged storm shelter. A new metal detached garage structure will be installed in the rear of the property and placed on a concrete slab. The metal structure is wind and fire resistant and will have a longer life-span than a wood-framed structure.

The metal structure will have 10-foot-high walls, two roll-up garage doors, and a metal access door. The structure will be installed at least 10 feet from the rear property boundary and at least 6 feet from the side property boundary. Due to an existing City of Rockwall easement along the east property boundary, the location of the structure will be located approximately 12.5 feet from the existing fence. The total height of the structure will be less than 15 feet tall.

The structure will be located behind an existing privacy fence with only a small portion of the roof visible from the front of the property.

DATE: February 20, 2025

APPLICANT: Kevin McNeely

CASE NUMBER: H2025-008; *Building Permit Fee Waiver for 505 Williams Street*

The applicant -- *Kevin McNeely*-- is requesting the approval of a *Building Permit Fee Waiver* for replacing the existing metal roof with a composite shingle roof. This request is being proposed in tandem with a Certificate of Appropriateness (COA) [*i.e. Case No. H2025-006*], a Small Matching Grant [*i.e. Case No. H2025-007*], and another Building Permit Fee Waiver [*i.e. Case No. H2025-009*]. On March 21, 2016, the City Council approved *Resolution No. 16-08* establishing the *Building Permit Fee Waiver Program* to provide an incentive for the rehabilitation or restoration of historic structures and other properties in certain areas of the City. For a residential property to be eligible for the *Building Permit Fee Waiver Program*, the property must be located within the Old Town Rockwall (OTR) Historic District or the Southside Residential Neighborhood Overlay (SRO) District and involve a minimum investment of \$5,000.00 for a rehabilitation or restoration project. Properties classified as *Contributing* (*i.e. High, Medium, or Low Contributing*) shall be eligible for a full waiver of building permit fees and properties classified as *Non-Contributing* shall be eligible for a reduction in permit fees of up to 50.00%. The applicant has provided a scope of work and a valuation of \$22,000 for the replacement of the roof. Based on the property's designation as High Contributing, the building permit fee would be eligible for a 100.00% reduction under the *Building Permit Fee Waiver* program. The estimated building permit fees for this project is as follows:

PERMIT	FEE
ROOFING	\$ 75.00

Should the Historic Preservation Advisory Board (HPAB) approve the request, the total *Building Permit Fee Waiver* request would be for \$75.00. Staff should note that requests for *Building Permit Fee Waivers* are discretionary decisions for the Historic Preservation Advisory Board (HPAB), and -- *in this case* -- the proposed project is for the rehabilitation and restoration of the roof on the *High Contributing Property*. Based on this the applicant's request does appear to meet the intent of the program. Should the Historic Preservation Advisory Board (HPAB) have any questions concerning the applicant's request, staff and the applicant will be present at the February 20, 2025 meeting.
